

Deadlines

from the Grants Resource Center

February 15, 2010

This publication includes deadline dates for the month of May 2010 and late announcements for the months of April 2010 and March 2010. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: CCUMC Research Awards (Students, Faculty, and Staff)

Agency: Consortium of College & University Media Centers

Next Deadline: May 01, 2010

Provides \$2,000 annually to graduate and undergraduate students, faculty, and staff of CCUMC member institutions for production, selection, development, information retrieval, utilization, distribution, or management of educational technology. Research should be in progress or expected to be completed within 18 months of proposal submission. Grants can be used to purchase equipment or provide salary replacement of the PI. Preference given to studies with general application to the instructional technology field. Annual deadline is 5/1. See <http://ccumc.org/node/2870> for details. E-mail: clarkjc@jmu.edu

Program: German Studies Research Grant

Agency: DAAD: German Academic Exchange Service

Next Deadline: May 01, 2010

Provides grants to promote the study of cultural, political, historical, economic and social aspects of modern and contemporary German affairs from an inter- and multi-disciplinary perspective. Candidates must be nominated by department and/or program chairs. Masters and Ph.D. candidates are eligible. Grants are restricted to citizens of the United States who are enrolled full time at the university that nominates them. Awards will range from \$1,500 - \$2,500. Other grants and scholarships also available. Deadlines vary. See <http://www.daad.org/?p=50129> for details. Email: thomanek@daad.org

Program: Grants for Arts Projects: Challenge America Fast-Track Review

Agency: National Endowment for the Arts

Next Deadline: May 27, 2010

Awards of \$10,000 support local projects that extend the reach of the arts to underserved populations whose access is limited by geography, ethnicity, economics, or disability. Four project types: arts events; professionally directed public art projects; civic design activities; and promotion of community wide arts activities and resources. Limited submission: one application per institution. An organization that receives grants in this category three years in a row will not be eligible the following year. See <http://www.nea.gov/grants/apply/GAP11/Challenge.html> for details. E-mail: fasttrack@arts.gov

Program: Save America's Treasures: Historic Preservation

Agency: National Endowment for the Arts

Next Deadline: May 21, 2010 (*tentative*)

Available for preservation/conservation work on nationally significant intellectual and cultural artifacts and collections and on nationally significant historic properties. Grants require a dollar-for-dollar, non-federal match. The minimum grant request for collections projects is \$25,000; the minimum grant request for historic property projects is \$125,000. The maximum grant request for all projects is \$700,000. FY 10 applications will be available in March. See <http://www.cr.nps.gov/hps/treasures/application.htm> E-mail: mclaughm@arts.endow.gov

Program: Challenge Grants
Agency: National Endowment for the Humanities

Next Deadline: May 05, 2010

Support long-term improvements and financial stability for humanities programs. Grants commonly augment or establish endowments, the profits of which support ongoing humanities activities in education, public programming, scholarly research, and preservation. Awards typically range from from \$30,000 - \$1 million. Recipients must raise three times the grant amount in non-federal funds. Limited submission: one application per institution; waiting period of four years after successful submission. See <http://www.neh.gov/grants/grants.html> for details. Program: Digital Humanities Challenge Grants
Agency: National Endowment for the Humanities

Next Deadline: May 05, 2010

NEH is interested in receiving applications for projects that use or study the impact of digital technology. Digital technologies offer humanists new methods of conducting research, conceptualizing relationships, and presenting scholarship. Digital humanities projects deploy these technologies and methods to enhance our understanding of a topic or issue. NEH is also interested in projects that study the impact of digital technology on the humanities exploring the ways in which it changes how we read, write, think, and learn. Limited submission: one application per institution. See <http://neh.gov/grants/guidelines/challenge.html> E-mail: challenge@neh.gov

Program: Fellowships
Agency: National Endowment for the Humanities

Next Deadline: May 04, 2010

Fellowships (5/4) support individuals pursuing advanced research in the humanities that contributes to scholarly knowledge or to the general public's understanding of the humanities. Scholarly articles, monographs on specialized subjects, books on broad topics, archaeological site reports, translations, editions, or other scholarly tools are supported. Fellowships support full-time work on a humanities project for a period of 6-12 months. Award is up to \$50,400 over 12 months. NEH also offers Fellowships at Digital Humanities Centers (9/15) and Fellowships for Advance Social Science Research on Japan (5/4). See <http://www.neh.gov/grants/grants.html>

Program: FIPSE Special Focus: U.S.-Brazil
Higher Education Consortia Program

Agency: U.S. Department of Education

Next Deadline: Mar 25, 2010

Supports student-centered cooperation between U.S. and Brazil to promote cross-national education and training opportunities in a wide range of academic and professional disciplines. Eligibility limited to consortia of at least four partner institutions, with at least two academic institutions from each country. The four-year program fosters university partnerships through exchange of undergraduate and graduate students, faculty, and staff within the context of bilateral curricular development. In FY 10, \$490,000 is available for 14 awards. E-mail: sarah.beaton@ed.gov See <http://www.ed.gov/programs/fipsebrazil/index.html> for details.

Program: FLETC College Intern Program

Agency: U.S. Department of Homeland
Security

Next Deadline: May 07, 2010

Supports 12-week residential internships at the Federal Law Enforcement Training Center (FLETC) for US graduate students or senior-year undergraduates who are majoring in criminal justice, criminology, or a related field, and are planning to pursue federal law enforcement careers. Interns are assigned a mentor and spend 50 percent time on an FLETC project and 50 percent on studies and training. Application windows are 9/14-10/2/09, 1/18-2/5/10, and 4/19-5/7/10. See http://www.fletc.gov/tmd/college_intern_program.htm for details. E-mail: FLETC-Interns@dhs.gov

Program: Crime and Justice Research and
Evaluation

Agency: U.S. Department of Justice

Next Deadline: Mar 29, 2010

Program encourages investigator-initiated proposals that focus on crime and justice topics relevant to criminal justice policy and practice in the United States. These proposals may apply to social and behavioral research and/or evaluations that focus on program impact and/or causal effects of programs. Research is expected to guide criminal and juvenile justice policy and practice. See <http://www.ojp.usdoj.gov/nij/funding/current.htm> for details. E-mail: Karen.Bachar@usdoj.gov

Program: General Grant Program

Agency: Retirement Research Foundation

Next Deadline: May 01, 2010

Supports services, education, research, and advocacy projects related to retirement. Priority projects have regional or national impact. Funding for direct service projects that do not have the potential to change practice, policy, or delivery systems is limited to nonprofit agencies in IL, IN, IA, KY, MO, WI, and FL. Deadlines are 2/1, 5/1, and 8/1. Requests for support of other types of projects will be considered from applicants in any US location. If considering a multi-year request, contact foundation staff before submitting a proposal. See <http://www.rrf.org/generalProgram.htm> for details. E-mail: info@rrf.org

Program: Clara Mayo Grants for Research on Sexism, Racism, or Prejudice

Agency: Society for the Psychological Study of Social Issues

Next Deadline: Apr 30, 2010

Supports master's theses or pre-dissertation research on aspects of sexism, racism, or prejudice, with preference given to students enrolled in a terminal master's program. Studies of the application of theory or the design of interventions or treatments to address these problems are welcome. Up to four awards of \$1,000 each are made per year. Proposals that include a college or university agreement to match the amount requested are favored. See <http://www.spssi.org/index.cfm?fuseaction=page.viewpage&pageid=727> for details. Program: Drug Free Communities Support and Mentoring Programs

Agency: Substance Abuse and Mental Health Services Administration

Next Deadline: Mar 19, 2010

Supports community-based coalitions, which may include colleges and universities, to reduce substance abuse among youth and adults by addressing factors in a community that increase risk of substance abuse while promoting factors that minimize risk. Projects must focus on multiple drugs. In FY 10, approximately \$18.75 million is available to support 150 awards. See <http://samhsa.gov/Grants/2010/SP-10-005.aspx> for details. Program: Strategic Technologies for Cyberinfrastructure (STCI)
Agency: National Science Foundation
Next Deadline: Apr 21, 2010 (*target date*)
Supports work leading to the development and/or demonstration of innovative cyberinfrastructure services for science and engineering research and education that fill gaps left by more targeted funding opportunities. Highly innovative cyberinfrastructure education, outreach, and training proposals that lie outside the scope of targeted solicitations are also supported. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=500066 for details. E-mail: jschopf@nsf.gov

Program: Major Research Instrumentation Program (MRI)

Agency: National Science Foundation

Next Deadline: Apr 21, 2010

Supports acquisition or development of major instrumentation for research, research training, and integrated research and education activities. Awards up to \$4 million for regular competition. Limited submission: three proposals per institution, per competition. In FY 10, approximately \$90 million may be available for 150 awards. See <http://www.nsf.gov/od/oia/programs/mri/> for details. E-mail: rphelps@nsf.gov

Program: Tropical Research Institute Fellowships

Agency: Smithsonian Institution

Next Deadline: May 15, 2010

Supports tropical biology, ecology, behavior, and evolution of terrestrial and marine organisms; archeology; paleontology; and human ecology research in Panama. Tupper Three-Year Postdoctoral Fellowships (1/15 annually) support the testing of innovative hypotheses. Short-Term Fellowships (2/15, 5/15, 8/15, and 11/15 annually) support three months of research and travel costs. See http://www.stri.org/english/education_fellowships/fellowships/stri_programs.php for details. E-mail: fellows@si.edu

Program: Academic Excellence Grants (Hardware Donations)

Agency: Sun Microsystems Foundation

Next Deadline: May 31, 2010

Provides hardware to academic and research institutions for projects that address Sun Microsystem's priorities and create partnerships for success. Deliverables include integration of Sun technologies into undergraduate and graduate curricula; community development; localization of codes and development tools into languages other than English; outreach; and software development. Grants do not include maintenance, service, or technical support. Applications are reviewed throughout the year. See <http://www.sun.com/products-n-solutions/edu/promotions/grants/> for details.

Program: Biotechnology Risk Assessment Research Grants (BRAG)

Agency: U.S. Department of Agriculture

Next Deadline: Mar 17, 2010

Supports environmental assessment research concerning the introduction of genetically engineered organisms into the environment. Purpose is to assist federal regulatory agencies in making science-based decisions about the effects of introducing genetically engineered organisms, including plants, microorganisms (including fungi, bacteria, and viruses), arthropods, fish, birds, and non-human mammals into the environment. Investigations of effects on both managed and natural environments are relevant. See http://www.csrees.usda.gov/funding/rfas/biotech_risk.html for details. E-mail: skwok@nifa.usda.gov

Program: Integrated Pest Management: Competitive Grants Programs

Agency: U.S. Department of Agriculture

Next Deadline: Mar 22, 2010

Supports integrated, multifunctional, multidisciplinary agricultural research, extension, and education activities that address complex pest management priorities in US agriculture. Three FY 10 competitions are Crops at Risk; Risk Avoidance and Mitigation; and Methyl Bromide Transitions. See http://www.csrees.usda.gov/funding/rfas/methyl_bro_integrated.html for details. Program: Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers

Agency: U.S. Department of Agriculture

Next Deadline: Mar 01, 2010

Supports outreach/technical assistance to assist socially disadvantaged farmers and ranchers to own and operate farms and ranches and to participate equitably in agriculture programs. If proposing a program targeted to a socially disadvantaged group not specifically identified, applicants must submit a letter of determination. Awards provide up to \$400,000 per year for up to three years. See <http://www.csrees.usda.gov/fo/outreachassistancesociallydisadvantagedfarmersranchers.cfm> for details once updated. Program: BAA for Basic Research for Combating Weapons of Mass Destruction

Agency: U.S. Department of Defense

Next Deadline: May 12, 2010

Supports basic research in five areas: Science of WMD Sensing and Recognition; Cognitive and Information Science; Science for Protection; Science to Defeat WMD; and Science to Secure WMDs. Awards range from \$150,000 to \$500,000 per year for up to three years. Deadlines refer for Phase I white papers. Full proposals by invitation only. See <http://www.dtra.mil> for details. E-mail: HDTRA1-08-10-BRCWMD-A@dtra.mil.

Program: NIJ Science and Technology Initiatives

Agency: U.S. Department of Justice

Next Deadline: Mar 12, 2010

Supports research/development/evaluation activities aimed at reducing crime, enhancing public safety, and improving the administration of justice.

Projects include: Sensor and Surveillance Technologies; Geospatial Technology; Pursuit Management Technologies; Biometric Technologies; Less Lethal Technologies; Communications Technology; Electronic Crime and Digital Evidence Recovery Technology; Criminal Justice Technology Evaluation; Using DNA Technology to Identify the Missing; and Criminal Justice Technology Centers of Excellence and others. Deadlines vary. See <http://www.ojp.usdoj.gov/nij/funding/current.htm> for details.

Program: Ph.D. Graduate Research Fellowship

Agency: U.S. Department of Justice

Next Deadline: Apr 02, 2010

Provides dissertation research support to outstanding doctoral students undertaking independent research on issues in the criminal justice field. Special interest in projects relating to the long-range goals of NIJ's research, evaluation, and science and technology programs. Outstanding doctoral students, from any discipline, who have completed all doctoral coursework are eligible to apply. In FY 10, six awards of up to \$25,000 are possible. Awards are made directly to IHEs, but no indirect costs are allowed. See <http://www.ojp.usdoj.gov/nij/funding/current.htm> for details. E-mail: christine.crossland@usdoj.gov

Program: Science to Achieve Results (STAR) Research Grants

Agency: U.S. Environmental Protection Agency

Next Deadline: Apr 27, 2010

Supports environmental research by academic, nonprofit, and state and local government organizations. Current competition for Exploring New Air Pollution Health Effects Links in Existing Datasets (due 4/27/10). Other FY 10 competitions are expected: Environmental Factors in the School Environment Influencing Children's Health and Performance; Biologically-Based Multiscale Tissue Modeling; Tribal Environmental Health Science; Dynamic Air Quality Management; Investigation of Black Carbon's Role in Global to Local Scale Climate and Air Quality. Program: Science & Engineering/Medical Research Programs

Agency: W. M. Keck Foundation

Next Deadline: May 01, 2010

Science and Engineering and Medical Research Programs support the development of new transformative high risk/high impact research. Past grants have been awarded for the development of promising new technologies, and to facilitate the purchase of advanced instruments where such instruments would further research ideas. Restrictions may apply to funds going to conduit or supporting organizations. See <http://www.wmkeck.org/programs/index.html> for details. E-mail: info@wmkeck.org
