1. Title of program: Cook Library Center Scholars Program

2. Sponsored by: Brooks College of Interdisciplinary Studies

3. Unit/Department: Kutsche Office of Local History

4. Application due date: Contact Melissa Baker-Boosamra, Cook Library Center, libraryscholars@gaah.org

5. Date of program: September 23, 2013-August 2014 (first year)

6. Location of program: Cook Library Center, 1100 Grandville Ave. SW, Grand Rapids, MI

7. Who is the target audience? GRPS students (K-7th graders) from the Grandville Avenue neighborhood

8. What is the purpose of this program?
The Scholars Program, which launches this fall, will engage a group of 30-35 2nd through 7th graders in an afterschool program that is geared toward preparing them for college and leadership in their community. Most of the students are Latino. The Kutsche Office of Local History will oversee the leadership portion of the curriculum. We will do this by engaging the Scholars in a year-long effort to collect stories, memories, and history about themselves, their families, and their neighborhood. A cohort of 6-8 GVSU undergraduate interns will also be trained to supervise the Scholars in their work; GVSU interns will participate in the Cook leadership training as well – providing a critical peer mentoring opportunity for the Cook Scholars and GVSU students alike. In May 2014, we will take the results of the students’ work and create an audio documentary and exhibit to focus on the students’ findings. That will unveil in August 2014, near the start of the 2014-2015 academic year.

   Student Services Outreach

4. **Application due date:** March 10, 2014

5. **Date of program:** June 16-19 and June 23-26, 2014 (annual program)

6. **Location of program:** Pew Campus, Grand Rapids

7. **Who is the target audience?** Participants must be between the ages of 11-13, currently in the 6th grade, and entering 7th grade in the Fall of 2014. Participants must be female and Michigan residents.

8. **What is the purpose of this program?** Science, Technology and Engineering Preview Summer Camp (STEPS) is an all-girl day camp introduction to the world of science, technology, and engineering. Campers participate in activities that give them hands-on experience with high-tech engineering equipment and processes. STEPS is an opportunity for girls to learn more about what engineers do in an informal, non-threatening, and fun environment. Outstanding staff personnel, with extensive backgrounds in science, engineering, education, and mentoring, lead the activities. Program activities include designing, manufacturing, and flying a radio-controlled airplane. Students will also explore science and engineering topics while learning team building and other social skills. Each camp schedules a number of recreational activities that can include a team challenge course and bowling. Participants will tour Grand Valley’s engineering facilities and see several manufacturing processes.

7. **Who is the target audience?** The target audience is Registered Nurses in the West Michigan area who are recent graduates from an Associate Degree nursing program (within two years of their participation in the Grant program at GVSU). The student must meet the criteria specified in the Grant, of a disadvantaged student, either economically or educationally. The student must have an interest in attending the GVSU RN to BSN completion program to participate in the Grant. Two West Michigan Community Colleges were identified to collaborate with student recruitment efforts; Grand Rapids Community College and Muskegon Community College.

8. **What is the purpose of this program?** KCON received grant funding from the Health Resources and Services Administration to assist with workforce diversity. The purpose of the proposed program is to increase the diversity of registered nurses in the west Michigan area, specifically those who are educationally and economically disadvantaged, by focusing on increasing their preparation for, enrollment in and graduation from baccalaureate (BSN) programs. Working with Community College transfer students and ADN graduates, the program has pre-entry preparation and recruitment activities; transition/retention focused advising and support; and stipend and scholarship possibilities. Whenever possible, evidence-based practices available from the literature have been incorporated into the program to address barriers, gaps and weaknesses. Consideration of individual communities and cultural parameters have been included to increase the probability of success.
