

Statistics Book Scholarships Application Packet

For Statistics Majors, Mathematical Statistics Minors, and Applied Statistics Minors

This applications packet contains:

1. an explanation of the Statistics Book Scholarships including eligibility and application requirements, and
2. a personal data form.

All materials must be completed and returned to the Statistics Department (MAK A-1-178) by the application deadline of **March 22.**

SPECIAL NOTE FOR STATISTICS MAJORS:

**IF YOU ARE A STATISTICS MAJOR
AND
YOU ARE APPLYING FOR THE STATISTICS MAJORS SCHOLARSHIP
THEN
DO NOT
COMPLETE THIS APPLICATION!**

**THE APPLICATIONS FOR THE STATISTICS MAJORS SCHOLARSHIP
AND
THE STATISTICS BOOK SCHOLARSHIP
ARE IDENTICAL EXCEPT FOR THE ESSAY.**

**THEREFORE, YOUR APPLICATION FOR THE STATISTICS MAJORS
SCHOLARSHIP (without the essay) WILL AUTOMATICALLY BE CARRIED
OVER TO THE STATISTICS BOOK SCHOLARSHIP.**

Statistics Book Scholarships

At least three \$50 scholarships will be available. Two of the three will be available for students majoring in statistics. The remaining scholarship will be available to a student with a minor in either mathematical statistics or applied statistics. Each of the scholarships will be given to honor the student for outstanding performance and to encourage that student to continue in statistics at that level of excellence.

These scholarships are made possible by the generous support of Cengage Learning.

Students who apply by the application deadline of March 22 and who satisfy the eligibility requirements will be considered for a scholarship. The recipients will be announced by the end of the winter 2010 semester. The scholarship will be given at the beginning of the fall 2010 semester.

Eligibility Requirements:

To be eligible to apply for the Statistics Book Scholarship, the student must satisfy ALL of the following:

1. The student has declared a major or minor in statistics.
2. The student has at least 45 credit hours completed by the time of application.
3. The student has completed at least 6 credit hours in courses at GVSU with an STA (statistics) designation and is taking courses at GVSU at the time of application.
4. The student must be enrolled in at least one course with an STA designation this semester.
5. The student has an overall GPA of 3.0 or better.

Application:

To apply for a scholarship, a student meeting eligibility requirements must submit to the Statistics Department a completed data form. In the evaluation of candidates for a scholarship the completed data form and your GVSU transcript (which will be obtained from BANNER) will be considered. In addition, the faculty will consider the candidate's performance in statistics courses at GVSU and any additional activities or collaborative research/projects that the candidates have conducted with a statistics faculty member.

Statistics Book Scholarship – Personal Data

Name: _____ Student #: _____

Major: _____ Minor: _____

Permanent Address: _____

Local Address: _____
