

INTERNET RESOURCE POLICY

Approved By:	Senior Management Team
Date of Last Revision:	July 31, 2008
Responsible Office/Department:	Information Technology

Policy Statement

The Internet resources of GVSU are intended for the use of the Faculty, Staff, Students and departments of GVSU to facilitate and promote the mission of the University. These resources are provided to promote the advancement of education and the dissemination of information to students (prospective and current), faculty, staff, parents, alumni and the community. Use of these resources shall not be granted to outside organizations or space to host outside organizations.

Policy & Procedures

Accounts granted for access to GVSU Internet resources are intended solely for the use of the person the account was issued to and shall not be shared. Accounts shall not be granted to anyone not affiliated with GVSU.

Any use of the internet resources of GVSU for revenue generating advertising, promotion of business' not related to GVSU, or personal sales is not allowed.
