

## PTCAS Application Status Designation [Quick Start Guide and FAQ](#)

Grand Valley State University's Physical Therapy program requires your PTCAS application to be **COMPLETE** by the stated deadline.

*How do you know if your application is complete?* Go to the home page of your PTCAS application and 'Check Status'

My Application

Add Program

Submit Application

  
Check Status

**Timeline** Once all of your required application materials are received, your application's status changes to **Complete** and your application is placed in line to be verified. Verifications occur in chronological order and on average take two weeks to complete. Once your application is verified, you will receive a notification and your application's status will change to Verified.

### Definitions

In-Progress – your application has not been submitted or you haven't paid the application fee.

Received – your application has been submitted but you are missing required materials

**Complete** – all required materials were received and your application is in line for verification and considered complete. Once your application enters this status it can take up to four weeks to move to the Verified status.

Undelivered – an error was found in your application and it was returned to you to correct. See [Correcting an Undelivered Application](#).

Verified – Your application was processed and if applicable your GPA was calculated. You'll receive a confirmation notification that your application was verified. Once your application is verified you should direct any questions about it stats to the programs you applied to.
