

## What does it mean to be human? Am I more than my genes?

**June 14, 2016**

**7:00pm**

**Grand Valley State University  
Loosemore Auditorium**

**401 W. Fulton St.  
Grand Rapids MI, 49504**

### **Dr. Praveen Sethupathy**

Praveen Sethupathy is an assistant professor in the Department of Genetics at UNC Chapel Hill, where he directs a research laboratory focused on human genomics and complex diseases. Praveen received his B.A. in Computer Science from Cornell University, his Ph.D. in Genomics and Computational Biology from the University of Pennsylvania, and he continued his training as a post-doctoral fellow with Dr. Francis S. Collins at the National Institutes of Health. Dr. Praveen Sethupathy is on the board of directors at BioLogos and was recently selected by Genome Technology as one of the nation's top 25 rising young investigators in genomics. Dr. Sethupathy has been an invited speaker for the Veritas Forum, has contributed opinion pieces for BioLogos, and serves on the advisory board for AAAS Dialogue on Science, Ethics, and Religion as well as the Board of Directors for BioLogos.
