

# GVSU Sustainable Agriculture Project

## Community Supported Agriculture

### Spring / Summer 2014 Form

The spring / summer share will be a mix of cold season and warm season crops over approximately 15 weeks. Shareholders can expect to receive a mix of the following – spinach, head lettuce, scallions, turnips, kale, carrots, tomatoes, peppers, squash, beans, corn, cucumbers, and a variety of others.

The season runs **April 23 – July 30**.

If you sign up for a CSA share after the season begins, you have two options:

- \$22 per week, for the remaining number of weeks
- \$25 per week for the remaining number of weeks, including delivery on the Allendale campus

**If you would like to purchase a share, please complete the information below.**

Name \_\_\_\_\_

Phone \_\_\_\_\_ E-mail \_\_\_\_\_

**I would like to begin receiving my share on \_\_\_\_\_**
