

MOVING ASSISTANCE

We probably all agree that the worst part of moving may be getting you and your belongings from there to here. It's only when we move that we fully realize how many possessions we've accumulated.

Grand Valley State University recommends the use of Corrigan Moving Company who has special discounts with Premier Mayflower and United Van Lines to assist you in relocating your household goods. A special rate has been established for GVSU faculty and staff to make your move both cost effective and well planned. Corrigan will provide pre-move information, cost estimates and scheduling assistance at no cost or obligation.

To take advantage of Corrigan's services, contact Alli Bement (989) 671-6330 abement@corriganmoving.com.

CURRENT GRAND VALLEY FACULTY AND STAFF MEMBERS

You don't have to be a new faculty or staff member at Grand Valley to take advantage of the Relocation Assistance Program. Austin Relocation Resources is ready and willing to help you with short distance relocation as well as long distance ones. Corrigan Moving/United Van Lines gives a 10% discount for all local moves for current faculty and staff as well as free boxes. The qualified area for local moving is determined by MPSC.

Your Corrigan representative can assist you in determining eligibility based on State regulated guidelines. Also, Corrigan Moving/United Van Lines extends its special relocation services to Grand Valley retirees. So, if a move to a sunny environment is in your retirement plans, be sure to take advantage of these special services.

In addition, various local banks offer the same expedited mortgage approval services to current faculty and staff as they do for new faculty and staff. Be sure to take advantage of Grand Valley's Relocation Assistance Program. Whether you're a new or current faculty/staff member, the Relocation Assistance Program is here to help you with the transitions in your life.
