

Green Policy:

Our mission is to provide Grand Valley administration, faculty, staff, students, and community stakeholders with the required skills and capabilities to become better stewards and responsible global citizens in the workforce, communities, and family life. This site will guide you to information and resources, helping you to become more involved with sustainability efforts at Grand Valley State University and around the world.

We are proud to announce our three LEED Certified buildings and Green Venue accomplishments:

L. William Seidman Center

Michigan Alternative Renewable Energy Center

The Bicycle Factory

L.V. Eberhard Center
