*The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15

¹ Biomedical Science Electives must consist of at least 6 hours of upper-division Biomedical Science courses. See list on the back for elective options.

² Statistics Electives must consist of at least 9 hours of upper-division Statistics courses. See list on the back for elective options.

³ Biomedical Science Classes approved as additional cognate courses for the statistics minor

⁴ Elective refers to any course that will help you reach the required 120 credits to graduate.

⁵ Students must complete two courses with an SWS attribute.

⁶ For students with the Advanced Waiver/Override for Mathematics based on ACT scores, it is **STRONGLY RECOMMENDED** that proficiency in MTH 123 – Trigonometry – be demonstrated by either taking the MTH 123 course or by achieving a passing score on the GVSU math placement test **PRIOR** to taking PHY 220 and 221. Students who have AP/IB/dual enrollment credit for MTH 201 (Calculus I), or complete the MTH 122 and 123 proficiency tests, only need to complete STA 215. **To take the Math Proficiency Tests online, visit this link: gvsu.edu/s/mv**
