Individual Study Plan (ISP) Option (15 credits) You must consult with your advisor in order to implement this option.
An Individual Study Plan (ISP) allows you to design a 15-credit emphasis other than those listed in the GVSU catalog.
- The structure of your ISP must parallel that of the published emphasis areas, and you must meet all of the other requirements of the Film and Video Production major and of the School of Communications.
- Your ISP must include 15 credits and a minimum of one 400-level production course
- One course from another major may be included in your ISP – discuss this with your advisor.
