Study Abroad Requirement for French Secondary Education
Effective Fall 2014 (for students starting in catalog year 2014-2015)

Students with a French Secondary Education minor must study abroad in a French-speaking country for a minimum of one semester (12-15 credits in French at the 300- or 400-level) in a departmentally-approved program.

Courses taken during the study abroad semester may fulfill some of the courses required for the minor. The semester abroad should take place after students have completed at least 2 courses (6 credits) of French at the 300-level.

Students who are unable to meet this requirement must complete an alternative plan approved by a French faculty advisor. Please meet with a French faculty advisor as soon as possible to discuss alternatives.
