GEOLOGY-BS ENVIRONMENTAL GEOLOGY EMPHASIS

| This is a general curriculum guide and is not appl | ICABLE TO | EVERY STUDENT. IT IS IMPORTANT TO MEET WITH YOUR ADVIS | SOR. | |
|--|-----------|---|--------|--|
| | Year | One | | |
| ¹ General Education <u>OR</u> ¹ WRT 120 (self-placement) | 3-4 | ¹ WRT 130 OR WRT 150 Strategies in Writing (self-placement) | | |
| ² CHM 115 Principles of Chemistry I (Fall or Winter semester) | 4 | CHM 116 Principles of Chemistry II | | |
| Prerequisites: High school chemistry, MTH 110 or 122 or 125 or 201 | | Prerequisites: CHM 115 & MTH 122, 125 or 201 | | |
| ^{2,3} GEO 111 Exploring the Earth | 4 | GEO 112 Earth History | | |
| MTH 122 Algebra | 3 | Prerequisite: A course in physical or general geology. GEO | | |
| Prerequisite: MTH 110 or Math placement exam | | 111 (preferred). | | |
| | | MTH 123 Trigonometry Prerequisite: MTH 122 (can be taken concurrently) or Math | 3 | |
| | | placement exam | | |
| Total | 14/15 | Total | 15/16* | |
| | Year | Two | - | |
| GEO 220 Solid Earth Materials and Systems OR GEO 214 Earth | 4 | GEO 214 Solid Earth Materials and Systems OR GEO 220 Earth | 4 | |
| Surface Materials and Systems | | Surface Materials and Systems | | |
| Prerequisites: GEO 111 & CHM 115; GEO 112 & 175 (can be taken | | Prerequisites: GEO 111 & CHM 115; GEO 112 & 175 (can be taken | | |
| concurrently) | | concurrently) | | |
| GEO 175 Research Tools for Geosciences | 1 | ⁴ MTH/CIS/GIS/STA Elective Course | | |
| Prerequisites: GEO 111 & 112 (can be taken concurrently) | | General Education | | |
| ⁴ MTH/CIS/GIS/STA Elective Course (options on second page) General Education | 3-4 | General Education | | |
| General Education | 3 | General Education (<i>Dependent on MTH/CIS/STA/GIS Elective</i> | | |
| | 3 | course) | | |
| Total | 14/15 | Total | 13/17* | |
| | | Three | 4 | |
| GEO 311 Structural Geology | 4 | GEO 312 Sedimentation-Stratigraphy | | |
| Prerequisites: GEO 214 & MTH 123 | | Prerequisite: GEO 112 | | |
| GEO 320 Geomorphology Prerequisite: GEO 112 | 4 | ⁶ ENV GEO Elective <u>OR</u> Geology Elective (options on second | | |
| ⁵ Physics Sequence Course (options on second page) | - | page) ⁵ Physics Sequence Course | | |
| General Education | 5 3 | General Education OR Issues | | |
| | | Issues prerequisite: Junior Standing | 3 | |
| Total | 16* | Total | 14/16* | |
| | Year | Four | | |
| 7GEO 486 Geology Seminar Fall Only | 1 | ^{10,7} GEO 485 Geology Seminar (SWS) Winter Only | 1 | |
| Prerequisite: GEO 214 & 220, & Junior standing in the | | Prerequisite: GEO 214 & 220, at least Junior standing in the Geology, | | |
| Geology, Geology-Chemistry, or Earth science major or | | Geology-Chemistry, or Earth science Major or Geology Minor. Permit | | |
| Geology Minor | | required: must secure a mentor and define a research question | | |
| ⁸ GEO 315 Geological Field Methods <u>Fall Even and Spring Odd</u> Prerequisites: GEO 112 & GEO 214 or 220 | 3 | before enrolling. | | |
| GEO 440 Geohydrology | | ⁶ ENV GEO Elective or Geology Elective | | |
| Prerequisite: GEO 220 | 3 | General Education | | |
| Issues | | General Education | | |
| Prerequisite: Junior Standing | 3 | ⁹ Minor/Elective 3 | | |
| ⁹ Electives | | | 3 | |
| Total | 12/14 | Total | 12/17* | |
| | - | Id camp (3-8) | 12/1/ | |

Summer field camp (3-8)

¹ Students who self-place into WRT 120 should take this course in the fall semester and then take WRT 130 in the winter semester of their first year. WRT 150 can take it in either semester during their first year. Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better (NOT A C-) is required in WRT 130 or 150 to satisfy the WRT requirement.

²Students with an ACT Science Sub score below 22 tend to be more successful if they only take one science course during the Fall semester of Year 1. CHM 109 is recommended prior to CHM 115 if chemistry was not taken in high school or if the ACT science sub score is below 22. However, CHM 109 does NOT count toward the Geology major.

³The preferred entry to the major is GEO 111, but GEO 100, 103, or 105 can count toward the major instead of GEO 111. Students who select the Environmental Emphasis need to officially request the emphasis from the Registrar's Office

⁴Geology majors must complete **TWO** math, computer science, GIS, **OR** statistics courses. The options are listed on second page.

⁵Geology majors must complete a **TWO-SEMESTER** sequence of physics courses. The options are listed on second page.

⁶Geology majors selecting the Environmental Emphasis must take ONE ENV GEO Elective (3-4) from the following courses: GEO 420, GEO 425, GEO 430, GEO 445, GEO 470; and ONE Geology Elective (at least 3 credits) that is any 300-400 level geology courses. If GEO 315 is used toward field camp credit it cannot also count as an elective. Students are strongly encouraged to consult faculty advisors to help with selecting electives. Geology "themed" Issues courses at the 300-level cannot count towards the Geology major.

⁷Students must take GEO 486 (Fall Only) and GEO 485 (Winter Only). The preferred order is to take GEO 486 first and students are encouraged to identify a project and mentor early.

⁸Geology Majors *MUST* participate in an approved Summer Field Camp in Geology (taught by another college) for at least **THREE** credits if they take GEO 315 and at least 6 credits if GEO 315 is not taken. Typically, in summer of Year 3 or Year 4.

⁹Elective refers to any course to help you earn the required 120 credits to graduate. However, students should consider adding a complementary minor or certificate. See both your Academic advisor and Faculty Advisor for more information.

¹⁰SWS = Supplemental Writing Skills. Students must complete 2 courses with a SWS attribute.

*Students must have a minimum of 120 credits to graduate with 58 of the 120 credits being from a senior level institution like GVSU and the final 30 credits of the 120 credits are specifically to be completed at GVSU. Elective refers to any course that will help meet these requirements.

*The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15. For more information contact the Office of Financial Aid. *A major GPA of 2.0 or higher within the major is required to graduate.

Declaring the Geology Major:

- 1. In myBanner, select "Student" > "Student Records" > "Change Major" > "Change Major 1/Program"
- 2. Choose "Geology-BS" from the drop-down box.
- 3. Click "Submit" and then "Change to New Program"
- 4. Email the Office of the Registrar to declare Environmental Geology Emphasis

| General Education Overlap | | | | | | | | | |
|--|---|---|------------------------------|--|--|------------------------|------------------------------------|----------------------------------|------------------------------|
| Mathematical Sciences: MTH 12 | 22 F | Physical Science with a Lab: GEO 111 | | | | | | | |
| Sequence Courses Mathematics/Computer Science/GIS/Statistics Elective Courses Choose one sequence and complete both courses from that sequence | | | | | | | | | |
| | | | | | | Mathematics | Computer Science | GIS | Statistics |
| | | | | | | MTH 201 Calculus I (4) | Choose one course from each group: | GPY 307 Introduction to Computer | STA 215 Introductory Applied |
| Prerequisites: (MTH 122 | | Mapping/Geographic Information | Statistics (3) | | | | | | |
| and 123) or placement into | Group 1 | Systems (3) | Prerequisite: MTH 110 or | | | | | | |
| MTH 201 via the calculus | CIS 160 Programming with Visual Basic (3) | | equivalent | | | | | | |
| readiness test | CIS 161 Computational Science (3) | <u>AND</u> one of the following: | | | | | | | |
| | CIS 162 Computer Science I (4) | | AND | | | | | | |
| AND | | GPY 407 Advanced GIS (4) | | | | | | | |
| | Group 2 | GEO 425 GIS Applications in Geology | STA 216 Intermediate Applied | | | | | | |
| MTH 202 Calculus II (4) | CIS 163 Computer Science II I (4) | (3) | Statistics (3) | | | | | | |
