Because teacher candidates in German need to meet the state requirement of at least Advanced-Low in oral proficiency through an official Oral Proficiency Interview (OPI) **before** admission to the College of Education, a period of study abroad in an approved program is strongly recommended. Meet with a German advisor as soon as possible to discuss your coursework and plan study abroad.
Requirements for German Education Students

Michigan Department of Education (2004) Standards for Foreign Language Teachers:
Teacher candidates must demonstrate a proficiency level of advanced-low in all four skill levels. This applies to major and minors.

- Reading
- Writing
- Listening
- Speaking - assessed via Oral Proficiency Interview (OPI)

The MTTC covers six areas: listening comprehension, writing proficiency, reading proficiency, grammar and language comparisons, pedagogy, and culture. The MTTC should not be taken until you have completed 90% of your content area course work.

What does Advanced-low proficiency look like?
Advanced-level proficiency requires that students are able to participate in most informal conversations and a variety of formal conversations on topics related to school, home, leisure activities, work, and current events. They are able to narrate and describe in the past, present, and future in paragraph length discourse (combining and linking sentences). They are also able to discuss some abstract topics and support some opinions (characteristics of the superior level).

Study abroad is strongly encouraged for all Education students. Research has shown that study abroad for at least one semester is necessary if students expect to reach the Advanced Low level of oral proficiency. University foreign language majors who have not lived in a country where the language of study is a majority language tend to finish their degree with an intermediate high level of proficiency (Swender, 2001).

What is the OPI?
The OPI was designed by the American Council on the Teaching of Foreign Languages (ACTFL). It is a recorded “interview” which is double-rated; individuals can take the OPI either on the phone or via the computer. The structure of the OPI is as follows:

- 5-minute warm-up
- “cycles” based on a variety of topics, with steadily increasing levels of difficulty
- Brief role play
- Wind down

OPIc (computerized version) - $65
Telephone version - $134
Advanced level check - $90

When should I take the OPI?
It is highly recommended that students complete a practice OPI before signing up for the actual test.

We also advise that students take the OPI as soon as possible upon returning from a study abroad.
