**<sup>1</sup>Students must fulfill MTH 110, MTH 122, and MTH 123 or waive the requirement through math placement. These courses do not count towards the completion of the Mathematics major.****<sup>2</sup>Students must complete a total of two courses with an SWS attribute****<sup>3</sup>Mathematics students must complete three Math Cognate Courses. These courses are listed on the back of this guide.****<sup>4</sup>Mathematics students must complete a total of 11 courses in Math. These electives are listed on the back of this guide.****<sup>5</sup>Elective refers to any course to help you earn the required 120 credits to graduate.****<sup>6</sup>Mathematics students must complete a two course Math sequence. The sequence options are listed on the back of this guide.****<sup>7</sup>Students who self-place into WRT 098 should take this course in the fall semester and then take WRT 150 in the winter semester of the first year. Students who self-place into WRT 150 should take this course in the winter semester of the first year. A grade of C or higher is required to fulfill the WRT 150 requirement.****It is imperative to meet with your faculty advisor and an advisor in the CLAS Academic Advising Center regularly.**
