**Clarification on Second Degree Requirements:**

This planned program includes the content area courses required to be eligible to apply for the Graduate Teacher Certification Program or obtain a Teaching Endorsement. It does not reflect the requirements necessary to obtain a second bachelor's degree from Grand Valley State University. A second bachelor's degree is **not necessary** to gain admission to the GTC program or obtain additional certification endorsements.

If you are interested in pursuing an additional undergraduate bachelor's degree, it will require more courses beyond those needed for the content areas. Please contact the CLAS Academic Advising Center if you are interested in this information.

**Next Steps:**

1. **If you have not already done so, you must attend a Graduate Teacher Certification workshop sponsored by the College of Education. You can schedule a time to attend by calling their Student Information and Services Center at 616-331-6650.**
2. **Be prepared to provide any additional course materials, such as a syllabus or course description, especially for out of state classes and courses completed more than 10 years ago. This will help the academic departments when finalizing course evaluations and planned programs.**
3. **Contact the CLAS Academic Advising Center at 616-331-8585 to schedule an appointment if you need help registering.**
4. **Prior to admission to the program, you should schedule an appointment with the Graduate Teacher Certification Coordinator in the College of Education. You can schedule that appointment by calling 616-331-6650.**

**Graduate Teacher Certification.** Candidates who already possess an approved baccalaureate degree may consider certification at either the undergraduate or graduate level. Because of the need for careful assessment in choosing the appropriate program, students should first contact the Student Information and Services Center to request background materials and register to attend one of the regularly scheduled information meetings. Candidates considering the graduate program must be able to undertake full-time study for approximately one calendar year. This program is offered partially online or fully online. See program advisor for program details.

Minimum admission requirements for the graduate certification program include:

1. Completion of the baccalaureate degree from a regionally accredited institution at least one year prior to application with a GPA of 3.0 or higher for the final 60 semester credits.
2. Possession of completion of a teachable major with a GPA of 3.0 or higher. Secondary candidates must also possess or complete a teachable minor before final certification.
