

SYLLABUS

L. Burns, 2219 ASH, 331-2862, Email burnsl@gvsu.edu
Class hours: Tu/Th 8:30-9:45 (2146 ASH) & 10:00-11:15 (2119 ASH)

Office Hours: I am looking forward to meeting and talking with you this semester. I will always be available 12:50-3:00 for office hours. If this time is not convenient, please speak with me so we can arrange an appointment.

Required Text: Barlow, D.H., Durand, V. M., & Hoffman, S. G. (2017). Abnormal Psychology: An Integrative Approach (8th Edition). Wadsworth Cengage Learning. Available at the University Bookstore.

Course Objectives: This course is intended to provide an overview of abnormal psychology for advanced undergraduate students. *Introductory Psychology*, PSY 101, is a prerequisite for taking this course. By means of lectures, discussions, case examples, and readings, an introduction to the major diagnostic categories of the DSM-5 including theories of causation and various therapeutic interventions is planned.

Class Format: Although this is a lecture class, I encourage you to ask questions and participate in classroom discussions. You will also find that lectures are more understandable and enjoyable if you have read the material prior to class attendance. Frequent absences from class may reduce your final grade because exam questions may include topics covered in the lectures but not in the readings.

Grading: Your final grade will be based on four (4) exams and five (5) quizzes (6 given—lowest dropped). Each exam will consist of fifty multiple-choice questions drawn from the readings, lectures, videos, and class discussions. Each quiz will consist of five multiple-choice/fill-in-the blank questions. Each exam will cover material from a particular section of the course, and will count equally toward your final grade. The fourth exam (given during finals week) will not be comprehensive. Each exam will consist of 50 multiple-choice questions and count for 100 points. Thus, the maximum number of points you can gain for all exams and quizzes is 425 (if submitting the optional course paper—grade distribution with a total of 475 points is to the right below). You are guaranteed the following grade based on your total score:

Grade Point Distribution

394-425 A
383-393 A-
373-382 B+
350-372 B
340-349 B-
331-339 C+
308-330 C
298-307 C-
277-297 D+
256-276 D
<256 F

Grade Point Distribution w/ optional paper

440-475 A
428-439 A-
417-427 B+
391-416 B
380-390 B-
370-379 C+
344-369 C
333-343 C-
310-332 D+
286-309 D
<286 F

Make-up Exams: For make-up exams please bring me a note from your doctor. Given that your lowest quiz will be dropped, **NO** make-up quizzes will be given.

If you have any condition, such as a physical or mental disability, which will make it difficult for you to carry out the work as outlined, or which will require extra time on examinations, please notify me in the first week of the course so that we can make appropriate arrangements.

Emergency Procedures:

Fire: Immediately proceed to the nearest exit during a fire alarm. Do not use elevators.

More information is available on the University's Emergency website located at <http://www.gvsu.edu/emergency>

Alternative Learning Experience, (NOT extra credit) Optional Course Paper (50 points possible--due October 24th): In addition to reading the text, and in order to expand and extend your knowledge of psychopathology, you have the option of writing a course paper regarding the issue of what defines *psychopathology*. You will need a minimum of five (5) primary sources. Your paper should be more than 800 words, but less than 1100 words in length, or roughly four (4) type-written or word-processed pages. It should contain a clear statement regarding your educated stance on the topic. Are there any key biological, social, or psychological issues intertwined with how we currently conceptualize and define this term, *psychopathology*, which so clearly frames a central aspect of our course?

For your minimum of five (5) **primary** journal articles:

1. No book reviews.
2. No citations from course textbooks (lose 20 points if used).
3. No “*anonymous*” Internet articles (you **MAY**, of course, use E-Journal articles obtained via library databases, but if you’re in doubt merely check with me).
4. No “review of article” articles.
5. No article less than 3 pages in length.
6. No bibliography listing if not cited in your paper.
7. After you have five journal article references you may include non-textbook books as references.

Please cite your references in the body of your paper in APA format, or as follows:

Jones (1998),

According to recent findings (Jones, 1998).

Please avoid the use of vague terms like “scientists have found.” Please use the name of the actual author of the article or source you are referring to in your paragraph.

Late papers lose five (5) points per day.

Papers using other Abnormal Psychology or Psychopathology texts (including our course textbook) will lose 20 points.

Please note (General Academic Policies, p.78; 1996-1997) **Plagiarism** is “Any ideas or material taken from another source... must be fully acknowledged... sentences or paragraphs... any student who fails to give credit, is guilty of **plagiarism**.” Such activity (**plagiarism**) may result in failure of a specific assignment, an entire course, or if flagrant, dismissal from GVSU.

Cell phone access during exams

There is no acceptable use of a cell phone during a class exam. Using a cell phone during an exam will result in an automatic zero on that exam.

Use of laptops during class

Students have complained about the distraction of others surfing the internet during class time. While I would prefer no laptops in class, if you plan to use your laptop for activities other than note taking during class please select seating at the rear of the classroom to reduce others’ distraction. Thank you.

Quizzes

These will be available on Bb approximately 48 hours before the class session to which they pertain and they will be available until 8:00 am that day (before class).

These are always on the material to be covered in class that week, not on previous material. I.e., Quiz 1 is on Chapter 2.

All dates are listed on your syllabus.

It is highly recommended that you attempt the sample quiz on Bb if you haven’t taken a quiz on Bb in the past.

TENTATIVE SCHEDULE:

Date	Chapter	Topics
8/29		First day of class
8/31	1	<i>Abnormal Behavior in Historical Context</i>
9/5		Labor Day recess
9/7	1	<i>Abnormal Behavior in Historical Context</i>
9/12	2	<i>An Integrative Approach to Psychopathology - Quiz 1 (on chapter 2 9/12)</i>
9/19	4	<i>Research Methods -Quiz 2 (on chapter 4 9/19)</i>
9/26		Exam #1 (Chapters 1, 2, & 4)
9/28	3	<i>Clinical Assessment and Diagnosis</i>
10/3	3	<i>Clinical Assessment and Diagnosis</i>
10/5	5	<i>Anxiety, Trauma, OCD and Related Disorders - Quiz 3</i>
10/10	5	<i>Anxiety, Trauma, OCD and Related Disorders</i>
10/12	6	<i>Somatic Symptom & Dissociative Disorders</i>
10/17		Exam #2 (Chapters 3, 5, & 6)
10/19	7	<i>Mood Disorders & Suicide - Quiz 4</i>
10/24	7	<i>Mood Disorders & Suicide</i>
		→Optional Course paper Due←
10/27		Last day to drop with a “W”
10/31	8	<i>Eating and Sleep—Wake Disorders - Quiz 5</i>
11/7	10	<i>Sexual Dysfunctions, Paraphilic Disorders, and Gender Dysphoria</i>
11/14	10	<i>Sexual Dysfunctions, Paraphilic Disorders, and Gender Dysphoria</i>
11/16		Exam #3 (Chapters 7, 8, & 10)
11/21	12	<i>Personality Disorders</i>
11/24		Thanksgiving Break!
11/28	13	<i>Schizophrenia and other Psychotic Disorders -Quiz 6</i>
12/5	11	<i>Substance-Related and Impulse-Control Disorders</i>

Final Exam (Chapters 11, 12, & 13)

12/11 (section 02 meets 8:30-9:45) Monday 10-11:50

12/13 (section 04 meets 10:00-11:15) Wednesday 8:00-9:50
