

New Discovering STEM kit pick-up and drop-off directions

Please read these directions carefully.

Allendale campus is growing. Currently construction is taking place in the previous Discovering STEM kit pick-up and drop-off between Mackinac & Manitou Halls. This space is being completely converted into a bike rack area. **Vehicles are no longer allowed in this area.**

Our new kit pick-up and drop-off will be done behind the Padnos Hall of Science.

1. **Call us before you leave to pick-up and drop-off kits** and someone from our staff will be waiting for you at the Padnos loading dock.
Main phone number for Regional Math & Science Center is 616.331.2267
Diane Miller's office phone number is 616.331.2265
2. When entering from the main entrance (from the north) route 45 – Lake Michigan Drive, follow North Campus Drive (going south) past Mackinac and Manitou Halls. Directly past the bus stop turn left into loading area. Upon entrance to loading area, you will see the loading dock on your right. RMSC staff will be waiting for you with the kits you ordered and/or receive returning kits from you.
