Who: Teachers of students in grades 1-5. Elementary Teachers in Kent, Ottawa, Montcalm, Allegan, and Van Buren Counties

What: A day-long professional development on using Engineering is Elementary Kits!

As part of the Michigan STEMworks grant program, the GVSU Regional Math and Science Center, in collaboration with Allegan/Van Buren Math & Science Center and Wayne RESA, is happy to present a day of learning with Engineering is Elementary! These revolutionary kits from the Museum of Science, Boston provide hands on, relevant, culturally aware programming to introduce students to engineering concepts. Learn more at www.eie.org.

This interactive program will provide the following:

- Exploring the kit: "A Long Way Down: Designing Parachutes"
- Information about all 20 EiE units;
- Professional development discussions and reflections;
- Review of EiE resources; and
- Sharing your experiences and planning with colleagues.

As part of the STEMworks grant, each teacher will receive planning and curriculum materials, including:

- Complimentary use of one EiE kit, shipped to your school with return shipping; and
- Choice of EiE teacher guide and storybook to build your own kit system

Included with your FREE registration:

- Morning session with all grade levels
- Lunch and light refreshments
- Afternoon break-out sessions for grades 1-2 and 3-5 (registration dependent)

All programming is dependent on final grant approval and dispersal.

Registration: Register online at gvsu.edu/rmsc/eie

Registration is capped. You will be notified by July 7 of your acceptance or waiting list status.

Questions: Contact Kathy Agee at ageek@gvsu.edu or (616) 331-2267.

These materials were developed under a grant awarded by the Michigan Department of Education.
