

INTERESTED IN SCIENCE,
TECHNOLOGY, ENGINEERING,
AND MATHEMATICS (STEM)?

**JUNE 20-22, 2017
TUESDAY-THURSDAY
8:30 A.M.-3:30 P.M.**

**FOR STUDENTS ENTERING
8TH AND 9TH GRADE**

Energizing Our World is a three day summer camp designed to spark interest in renewable energy. Sessions will be held at Grand Valley State University on the Allendale campus. Students will participate in activities that provide hands-on experiences with a variety of renewable energy sources and will have the opportunity to engage in activities involving solar, wind, and hydro power. Students will also participate in an off-site field trip.

ELIGIBILITY

Forty-eight students will be accepted into the program. Participants must be between the ages of 12 and 15, currently in the 7th or 8th grade, and entering 8th or 9th grade Fall 2017. Completed application forms must be received no later than April 30, 2017.

SUPERVISION & MEALS

There is one counselor for every eight students. Lunch and snacks are provided each day.

COST

The camp is **FREE**.

TRANSPORTATION

Transportation will be available based on need for students in the Grand Rapids Public Schools and Wyoming Public Schools districts.

ACCEPTANCE

The Grand Valley State University Regional Math and Science Center will notify students of acceptance or waiting list status beginning May 8, 2017.
