

New Discovering STEM kit pick-up and drop-off directions

Please read these directions carefully.

Allendale campus is growing. Currently construction is taking place in the previous Discovering STEM kit pick-up and drop-off between Mackinac & Manitou Halls. This space is being completely converted into a bike rack area. **Vehicles are no longer allowed in this area.**

Our new kit pick-up and drop-off will be done in the **courtyard area south of parking lot D-1**. You must call us before you leave to pick-up and drop-off kits and someone from our staff will be waiting for you at the in the courtyard area where we will load or unload your vehicle.

The main phone number for Regional Math & Science Center is 616.331.2267 and Diane Miller's office phone number is 616.331.8932. Our office is open M-F 8:00 AM to 5:00 PM. However, we typically do not have student workers before 9:00 AM or after 4:00 PM. **Please try to arrange pick-up and drop-off between 9:00 and 3:00 PM.** Thank you!
