New Business

- #7688 Engineering Minor PCR **Action:**
tabled until the PCR for Engineering major is received for review
- #7554 EGR 670 NCP **Action:**
returned for amendment
- #7652 Information Systems PCR
Action: approved with amendment
Amendment:
- Discussion of SOR policies and procedures
 - Records is willing to scan SORs into OnBase to make a digital repository.
 - Chair will consult with the CCCs and Deans to discuss the amount of review each college wants to perform on new SORs.
- Discussion of Honors Designation on Majors and Minors
 - Chair will consult with Records about how this might appear on transcripts and other implementation details (e.g., MyPath).
 - Although UCC was generally in favor of an “honors” track/emphasis/designation for majors and minors there are some unanswered questions:
 - Procedures need to be developed explaining how faculty can propose an honors designation.
 - Catalog language is needed to explain how honors in a major/minor is distinct from the Honors Program.
 - Chair to draft language for a future meeting.
- Meeting adjourned at 3:55 PM
