**Report from the Chair:**

- 1) Update on EdD: Should we review only the SOR? Consensus was that the courses need to be reviewed with the NPP review. UCC also concurs with the issue of feasibility but would prefer to review the curriculum to see how it may fit into the University's curricular structure as it currently exists.
- 2) SWS Writing skills: a meeting was held with the Writing Skills Committee, which indicated that a study concerning the effectiveness of the SWS program is still ongoing.

**Report from the Provost:**

- 1) CLAS Dean's office was contacted concerning representation on UCC and will try and get a replacement seated.
- 2) Faculty Awards Convocation will occur tomorrow and R. Adams is being recognized for University Service Award and has the keynote address.
- 3) Credit hours description from institutions was provided to UCC by M. Cimitile (an advanced-level Google search was conducted). Handout and electronic format generated by a graduate student in the office of graduate studies summarizing results obtained. The topic will be on the agenda in the near future.
