Midwest Interprofessional Practice, Education, and Research Center (MIPERC) Faculty Award Nominations
(Individual)

Description: The Faculty Award provides the MIPERC an opportunity to acknowledge the outstanding commitment and contribution of a faculty member to the mission of the MIPERC and the promotion of Interprofessional concepts in both educational and care settings.

MIPERC Mission: To identify ways that partners can develop collaborative, innovative, and Interprofessional initiatives across disciplines, learning institutions, and health care systems.

Basic Requirement: To be eligible, an individual must be actively contributing towards the mission of Interprofessional education and demonstrate leadership qualities that promote the importance of Interprofessional education concepts to both students and peers.

Criteria: The selection committee’s considerations when selecting the award recipient may include the following qualities/characteristics/activities:

- Lead, Present, Mentor students for Interprofessional experiences via a PIPES meeting, thesis committee, Health Expo, clinical rotation, or simulation
- Participate in a MIPERC workgroup
- Publish a peer reviewed Interprofessional article
- Promote Interprofessional care in the local or regional community.
- Promote Interprofessional care in the classroom and to colleagues.
- Be an enthusiastic role model for those interested in Interprofessional Education and collaborative practice.

Submission Process:

Candidates may be nominated by health administrators, staff, educators, and preceptors associated with a MIPERC academic partner organization.

Required Documentation for Nomination:

- Completed on-line nomination form and
- Upload one-page typed letter of nomination (in 11 pt. Times New Roman font, double- spaced) addressing one or more of the criteria listed above.

Nomination Deadline: Sunday, August 21, 2016
