MySuccessCheck is an 8-item questionnaire for new GVSU undergraduate students, intended to provide an early indication of which students are at greatest risk for dropping out. The questionnaire is intentionally brief, and includes two types of items: a few items required to create an effective diagnostic scale identifying students' risk of dropout; and other specific items that GVSU studentsupport staff indicated they would use in practical interventions with individual students expressing needs. Participating students who express need get immediate feedback with suggested resources to help them succeed, and staff members also review responses and contact some respondents with offers of assistance.

Although it's clear that MySuccessCheck collects information that meaningfully signals risk of attrition and academic difficulty, evidence from this year and previous years fails to show that GVSU has successfully used the information to remediate that risk.

## Participation Rate:

The fall 2019 survey was open from Sep 23 - 30. Students in their first GVSU semester were invited via email to participate, and were also encouraged to do so by staff throughout the university.

|  | \# Invited | Participants | Response <br> Rate |
| :--- | :---: | :---: | :---: |
| Total | 5634 | 2869 | $50.9 \%$ |
| FTIAC | 4233 | 2499 | $59.0 \%$ |
| Transfer | 1401 | 370 | $26.4 \%$ |
| On-Campus Resident | 3870 | 2497 | $64.5 \%$ |
| Off-Campus Resident | 1764 | 372 | $21.1 \%$ |
| Female | 3367 | 1969 | $58.5 \%$ |
| First Generation | 1862 | 887 | $47.6 \%$ |
| Students of Color | 957 | 464 | $48.5 \%$ |
| Student Support Network | 4051 | 2240 | $55.3 \%$ |

Risk Assessment and Staff Follow-up:
As in every past fall term, the computed risk score is strongly predictive of retention. Non-participants had a retention rate between those of "Medium" - and "High"-risk participants. Non-participation is a significant indicator of risk for fall-to-winter attrition and low first-semester grades.

The mySuccessCheck interface for staff members

|  | Frequency | Percent | Retention | GPA |
| :--- | ---: | ---: | ---: | ---: |
| Low | 2449 | $85 \%$ | $97.3 \%$ | 3.19 |
| Medium | 191 | $7 \%$ | $90.1 \%$ | 3.04 |
| High | 164 | $6 \%$ | $74.4 \%$ | 2.67 |
| Unclassified | 65 | $2 \%$ | $93.8 \%$ | 3.11 |

| Non-Participants | 2765 |  | $87.2 \%$ | 2.84 |

includes a mechanism for staff members to post notes to individual students' records. These notes allow staff members to coordinate responses, and also allow us to assess the completeness and effectiveness of the responses. Staff members categorize the intensity of each response using the following scale:

- One-way communication ... staff member sent an email or left a voicemail message, but didn't receive any reciprocal communication.
- Limited communication ... staff member and student communicated reciprocally, but not in particular depth
- Discussion ... staff member had a substantive exchange of information about the content of the student's MySuccessCheck response

Beginning in Fall 2019, participants received some of the feedback messages automatically and immediately upon completion. As a result, logged staff contacts decreased significantly from previous years. We cannot measure how attentively participants read the feedback, or determine its effectiveness, but I've divided the participants who did not receive a logged contact from a staff member into two categories: those who requested an email copy of their automatic feedback and those who did not.

Altogether, staff logged 373 responses or interactions, affecting 287 different participating students. Because staff responses are
reactive to needs expressed in students' responses, it not expected that every student would elicit a response. A total of 401 participants chose to receive their feedback by email. Of those, 35 also received a logged contact from a staff member.

## Survey Item Breakdown:

Responses to each of the survey items except "do you need a textbook?" have a statistically significant association with fall-to-winter retention. In addition, several of the questions are significantly associated with first semester grades as noted below.

If I need extra help to be successful in my coursework, I know where to go at GVSU to receive academic support

|  | Frequency | Percent | Retention | Fall GPA | Staff Response (row sums to 100\%) |  |  |  |

| Disagree Strongly | 19 | 1\% | 94.7\% | 3.00 | 16\% | 16\% | 37\% | 32\% |

How many of your scheduled classes have you missed?

|  | Frequency | Percent | Retention | Fall GPA | Staff Response (row sums to 100\%) |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  | Discussion | Limited | One-way | None |
| None of them | 1642 | 58\% | 96.8\% | 3.36 | 1\% | 1\% | 3\% | 95\% |
| One | 595 | 21\% | 96.3\% | 3.10 | 4\% | 1\% | 7\% | 89\% |
| Two | 354 | 12\% | 93.5\% | 2.75 | 4\% | 1\% | 6\% | 88\% |
| 3 to 5 | 218 | 8\% | 88.5\% | 2.42 | 11\% | 4\% | 16\% | 69\% |
| 6 or More | 18 | 1\% | 72.2\% | 2.18 | 28\% | 6\% | 39\% | 28\% |
| I Don't Know | 14 | 0\% | 85.7\% | 1.69 | 3\% | 1\% | 5\% | 90\% |

The negative ordinal association between missed classes and semester GPA is highly statistically significant.

Do you still need to purchase textbooks for any of your classes this semester?
