

BEST FIELDTRIP EXPERIENCE EVER.

Muskegon County teachers and organizers, are you looking for a field trip experience for your students this year? Muskegon has your needs covered with six unique organizations presenting various topics.

SAVE \$400

The Howmet Aerospace Bus Grant may reimburse you \$400 for a field trip to any of the partnering organizations. Make it a day downtown!

To schedule or find out more, call or e-mail the contacts listed with each location.

USS SILVERSIDES SUBMARINE MUSEUM

Discover a one-of-a-kind museum narrating the experiences of World War II participants.

Explore the main museum, tour the Coast Guard Cutter McLane, and board the USS Silversides submarine. Contact staff to schedule group tours or programs.

hvanderwoude@silversidesmuseum.org or 231.755.1230

ANNIS WATER RESOURCE INSTITUTE

Experience Muskegon Lake and Lake Michigan as a freshwater scientist. Participants on board

our hands-on educational cruises learn about water chemistry, lake food webs, human impacts on water quality, and more.

Boat trips run from April-October so schedule now. Landside programming is also available as a complement to the cruises.

catanesc@gvsu.edu or 616.331.3048

MUSKEGON MUSEUM OF ART

Visit a museum renowned for its paintings, sculpture, prints, drawings, and glass collection.

See the various exhibits that rotate throughout the year, and schedule your group to enjoy a program at the museum.

hplacko@muskegonartmuseum.org or 231.720.2577

HACKLEY PUBLIC LIBRARY

Visit the library for a tour to learn about your community or

schedule for one of our various fun activities that can be tailored to your needs.

Ischmidt@hackleylibrary.org or 231.720.8013

MUSKEGON MUSEUM OF HISTORY & SCIENCE

Schedule to bring your group to the museum to attend one of our

various programs on science. Tour and learn in our newly remodeled and updated STEM Center with hands on science activities and challenges.

You can also schedule to tour one of our other sites, such as the Muskegon Heritage Museum of Business and Industry.
