Health Compliance List

Currently each of our health professional students must comply with the following items in order to participate in clinical education experiences.

1. Annual Bloodborne Pathogen Training*
2. Annual Tuberculosis and Infection Control Training*
3. Annual HIPAA Training*
4. Immunizations/titer(s) to confirm immunity per current CDC recommendations for healthcare workers, including annual Influenza vaccination
5. Annual TB screening
6. Physical exam by medical provider confirming the student is mentally & physically able to participate in their program of study.
7. Ten panel Drug Screen**
8. Criminal Background Check** including:
   - Past seven years county of residency
   - National sex offenders’ registry
   - Medicare/Medicaid fraud
   - Criminal history
9. CPR/ACLS Certification completed through the program curriculum.

*On line training modules and tests are found on your GVSU Blackboard/Health Compliance account.
**The background check and drug testing is done after enrollment through certifiedbackground.com

I would be happy to answer any questions in regard to how the compliance system works at GVSU. I look forward to working with you.

Sincerely,
Warren
