at the Baden-Wuerttemberg Cooperative State University Mosbach and Bad Mergentheim
Studying at the DHBW in Mosbach and Bad Mergentheim

International Program in Business (IPB)

Concept
The International Program in Business (IPB) offers international students the opportunity to receive a global education in Business taught by an international staff of professors.

All classes and activities aim at broadening students’ knowledge in a wide range of topics:

- Developing students’ business, communication and intercultural skills
- Providing opportunities to enhance international communication and cooperation
- Familiarizing students with Germany, German language and culture, and its internationally oriented economy

Calendar
IPB can be chosen as a one- or two-semester program and is available in Mosbach (IPB Fall and IPB Spring) and in Bad Mergentheim (IPB Spring).

Key Features

- Coursework focused on the field of International Business Administration
- Classes taught entirely in English
- Modules in one- or two-week blocks
- Intensive German language course prior to Business classes
- Intercultural mix of students in class
- Orientation program
- Excursions
- max. 30 ECTS credits per semester

International Program in Engineering (IPE)

Concept
The International Program in Engineering (IPE) with track ‘Production Systems Engineering’, offering undergraduate academic studies and enabling students to gain the skills and competencies needed to get companies on track to the ‘future of production’.

All classes and activities aim at broadening students’ knowledge in a wide range of topics:

- Developing students’ skills in the broad field of production (including Manufacturing, Logistics and Asset & Service Management) and engineering (including Automation & System Engineering, Embedded Systems and Information Systems)
- Providing opportunities to enhance Process & Project Management as well as International Business skills

Calendar
IPE is a one-semester program offered in Mosbach (IPE Spring).

Key Features

- Entry requirement for students is a ‘near-bachelor’ level (at least 5 semesters, undergraduate) in an engineering study course
- Classes taught entirely in English
- Modules in blocks or continuous over semester
- Individual student research projects
- Intercultural mix of students in class
- Orientation program
- Excursions
- max. 30 ECTS credits per semester
