BOARD OF TRUSTEES AS AUTHORIZING BODY

Section 2.1. University Board Resolutions. For purposes of this Contract, the University Board has adopted the following resolutions:

(a) Method of Selection Resolution. The University Board has adopted the Method of Selection Resolution, which is incorporated into this Contract as part of Schedule 1. At anytime and at its sole discretion, the University Board may amend the Method of Selection Resolution. Upon University Board approval, changes to the Method of Selection Resolution shall automatically be incorporated into this Contract and shall be exempt from the amendment procedures under Article IX of the Terms and Conditions.

(b) Authorizing Resolutions. The University Board has adopted the Authorizing Resolution, which is incorporated into this Contract as part of Schedule 1.

Section 2.2. Method for Monitoring Academy’s Compliance with Applicable Law and Performance of its Targeted Educational Outcomes. The University Board has the responsibility to oversee the Academy’s compliance with the Contract and all Applicable Law. The Academy shall perform the compliance certification duties required by the University Board as outlined in the Contract incorporated into this Contract as Schedule 5. Additionally, the Academy shall be responsible for the following:

a) In the event that the University President determines that the Academy’s educational outcomes should be reviewed to help determine if the Academy is meeting the educational goals set forth in the Schedules, the University President, at his or her discretion, may require an objective evaluation of student performances by an educational consultant, acceptable to both the Academy and the University President. The Academy shall pay for the expense of the evaluation. In addition, at any time, the University President may require an evaluation of student performance to be selected by and at the expense of the University. The Academy shall cooperate with the evaluation, including any student testing required.

b) Within ten (10) days of receipt, the Academy shall notify the University Charter Schools Office of correspondence received from the Department of Education or State Board of Education that requires a written or formal response.

c) Within ten (10) days of receipt, the Academy shall report to the University Charter Schools Office and the University Counsel Office any litigation or formal proceedings alleging violation of Applicable Law or contractual agreement against the Academy, its officers, employees, agents, and/or contractors.

d) The Academy shall permit review of the Academy’s records and inspection of its premises at any time by representatives of the University. Normally, such inspections
shall occur during the Academy’s hours of operation and after advance notice to the Academy.

e) The Academy shall provide the Charter Schools Office with copies of reports and assessments concerning the educational outcomes achieved by pupils attending the Academy and shall provide necessary approvals for the Charter Schools Office to access electronic information received or stored by the State of Michigan including, but not limited to, the Department of Education or other agency authorized by the State to collect school data.

f) The Academy shall submit audited financial statements, including auditor’s management letters and any exceptions noted by the auditors, to the University Charter Schools Office. The financial statements and auditor’s management letters shall be submitted to the University Charter Schools Office within ninety (90) days after the end of the Academy’s fiscal year.

g) The Academy shall provide the University Charter Schools Office with a copy of the proposed annual budget for the upcoming fiscal year of the Academy no later than July 1st. The Academy Board is responsible for establishing, approving and amending the annual budget in accordance with the Uniform Budgeting and Accounting Act, MCL 141.421 et seq., and for providing all amendments and revisions to the University Charter Schools Office following Academy Board approval.

h) The Academy shall provide to the University Charter Schools Office minutes of all Academy Board meetings no later than fourteen (14) days after such meeting.

Section 2.3. University Board Administrative Fee. During the term of this Contract, the Academy shall pay the University Board an administrative fee of 3% of the state school aid payments received by the Academy. For purposes of this Contract, state school aid payments received by the Academy in July and August in any given year shall be deemed to have been received by the Academy during the Contract term. This fee shall be retained by the University Board from each state school aid payment received by the University Board for forwarding to the Academy. This fee shall compensate the University Board for issuing the Contract and overseeing the Academy’s compliance with the Contract and all Applicable Law.

Section 2.4. University Board as Fiscal Agent for the Academy. The University Board is the fiscal agent for the Academy. The University Board shall, within three (3) business days, forward to the Academy all state school aid funds or other public or private funds received by the University Board for the benefit of the Academy. The University Board shall retain any amount owed to the University Board by the Academy pursuant to this Contract. For purposes of this section, the responsibilities of the University Board, the State of Michigan, and the Academy are set forth in the Fiscal Agent Agreement incorporated herein as Schedule 4.

Section 2.5. Authorization of Employment. The Academy may employ or contract with personnel. If the Academy contracts for personnel with an Educational Service Provider, the Academy shall submit a draft of the proposed agreement to the University Charter Schools
Office for review. The University Charter Schools Office may disapprove the proposed agreement if it contains provisions in violation of this Contract or Applicable Law. No ESP agreement shall be effective unless and until the agreement complies with Section 11.12 of these Terms and Conditions. With respect to Academy employees, the Academy shall have the power and responsibility to (i) select and engage employees; (ii) pay their wages; (iii) dismiss employees; and (iv) control the employees’ conduct, including the method by which the employee carries out his or her work. An employee hired by the Academy shall be an employee of the Academy for all purposes and not an employee of the University for any purpose. The Academy Board shall prohibit any individual from being employed by the Academy, an ESP, or an employee leasing company involved in the operation of the Academy, in more than one (1) full-time position and simultaneously being compensated at a full-time rate for each of these positions. The Academy shall be responsible for carrying worker’s compensation insurance and unemployment insurance for its employees.

Section 2.6. Financial Obligations of the Academy are Separate from the State of Michigan, University Board and the University. Any contract, mortgage, loan or other instrument of indebtedness entered into by the Academy and a third party shall not in any way constitute an obligation, either general, special, or moral, of the State of Michigan, the University Board, or the University. Neither the full faith and credit nor the taxing power of the State of Michigan or any agency of the State, nor the full faith and credit of the University Board or the University shall ever be assigned or pledged for the payment of any Academy contract, agreement, note, mortgage, loan or other instrument of indebtedness.

Section 2.7. Academy Has No Power to Obligate or Bind State of Michigan, University Board or the University. The Academy has no authority whatsoever to enter into any contract or other agreement that would financially obligate the State of Michigan, University Board or the University, nor does the Academy have any authority whatsoever to make any representations to lenders or third parties, that the State of Michigan, University Board or the University in any way guarantee, are financially obligated, or are in any way responsible for any contract, agreement, note, mortgage, loan or other instrument of indebtedness entered into by the Academy.

Section 2.8. Authorizing Body Contract Authorization Process. Pursuant to the Code, the University Board is not required to issue a contract to the Academy. This Contract is for a fixed term and will terminate at that end of the Contract term set forth in Section 12.14 without any further action of either the Academy or the University Board. Prior to the end of the Contract term, the University Board shall provide a description of the process and standards by which the Academy may be considered for the issuance of a new contract. The timeline for consideration of whether to issue a new contract to the Academy shall be solely determined by the University Board. The standards for issuance of a new contract shall include increases in academic achievement for all groups of pupils as measured by assessments and other objective criteria established by the University Board as the most important factor of whether to issue or not issue a new contract. The University Board, at its sole discretion, may change its process and standards for issuance of a contract at anytime, and any such changes shall take effect automatically without the need for any amendment to this Contract. Consistent with the Code, the University Board may elect, at its sole discretion, not to consider the issuance of a contract,
consider reauthorization of the Academy and elect not to issue a contract, or consider reauthorization of the Academy and issue a contract for a fixed term.

ARTICLE III

Section 3.1. Governmental Agency or Entity and Political Subdivision. The Academy shall act exclusively as a governmental agency or entity and political subdivision.

Section 3.2. Other Permitted Activities. Nothing in this Contract shall prohibit the Academy from engaging in other lawful activities that are not in derogation of the Academy’s status as a public school or that would not jeopardize the eligibility of the Academy for state school aid funds. Subject to Section 2.5 and Section 6.15 of the Terms and Conditions, the Academy may enter into agreements with other public schools, public school academies, governmental units, businesses, community and nonprofit organizations where such agreements contribute to the effectiveness of the Academy or advance education in this state.

Academy’s proposed site or sites is set forth in Schedule 7-8. Following Academy Board and University Board approval, proposed changes to the address and description of any site or sites shall be incorporated into this Contract by amendment. The University Board’s process for evaluating and approving the same configuration of age or grade levels at more than one (1) site is as follows:

By formal resolution, the Academy Board may request the authority to operate the same configuration of age or grade levels at more than one site. The Academy Board shall submit to the University Charter Schools Office an application for site expansion, in a form or manner determined by the University Charter Schools Office. The application for site expansion shall include all information requested by the University Charter Schools Office, including detailed information about the site, revised budget, renovation and site improvement costs, the Academy’s proposed operations at the site, and the information provided in Contract Schedules 7-8. Upon receipt of a complete application for site expansion, the University Charter Schools Office shall review the application for site expansion and make a recommendation to the University Board on whether the Academy’s request for site expansion should be approved. A positive recommendation by the University Charter Schools Office of the application for site expansion shall include a determination by the Charter Schools Office that the Academy is operating in compliance with the Contract and is making measureable progress toward meeting the Academy’s educational goals. The University Board may consider the Academy Board’s site expansion request following submission by the University Charter Schools Office of a positive recommendation.

If the University Board approves the Academy Board’s site expansion request, the Contract shall be amended in accordance with Article IX of these Terms and Conditions. The University Board reserves the right to modify, reject, or approve any application for site expansion in its sole and absolute discretion.

The Charter Schools Office shall provide notice of the termination to the Academy. If during the period between the University Board’s action to terminate and the effective date of termination, the Academy has violated the Contract or Applicable Law, the University Board may elect to initiate suspension or revocation of the Contract as set forth in this Article X.

The Hearing Panel has the authority to accelerate the time line for revoking the Contract, provided that notice of the revocation hearing shall be provided to the University Charter Schools Office and the Academy Board at least five (5) days before the hearing. If the Hearing Panel determines that the Academy Board has continued to engage in conduct or activities that are covered by the suspension notice, the Hearing Panel may recommend revocation of the Contract. The University Board shall proceed to consider the Hearing Panel’s recommendation in accordance with Section 10.6(f) through (i).

Section 10.4 **Statutory Grounds for Revocation.** In addition to the grounds for an automatic revocation of the Contract as set forth in Section 10.7, this Contract may also be revoked by the University Board upon a determination by the University Board, pursuant to the procedures set forth in Section 10.6, that one or more of the following has occurred:

The Academy Board’s response shall be addressed to the CSO Director, and shall either admit or deny the allegations of non-compliance. If the Academy’s response includes admissions of non-compliance with the Contract or Applicable Law, the Academy Board’s response must also contain a description of the Academy Board’s plan and time line for correcting the non-compliance with the Contract or Applicable Law. A response not in compliance with this section shall be deemed to be non-responsive. As part of its response, the Academy Board may request that a meeting be scheduled with the CSO Director prior to a review of the Academy Board’s response.

c) **Plan of Correction.** Within fifteen (15) days of receipt of the Academy Board’s response or after a meeting with Academy Board representatives, whichever is sooner, the CSO Director shall review the Academy Board’s response and determine whether a reasonable plan for correcting the deficiencies can be formulated. If the CSO Director determines that a reasonable plan for correcting the deficiencies set forth in the Notice of Intent to Revoke can be formulated, the CSO Director shall develop a plan for correcting the non-compliance (“Plan of Correction”). In developing a Plan of Correction, the CSO Director is permitted to adopt, modify or reject some or all of the Academy Board’s response for correcting the deficiencies outlined in the Notice of Intent to Revoke. The Notice of Intent to Revoke shall be withdrawn if the CSO Director determines any of the following: (i) the Academy Board’s denial of non-compliance is persuasive; (ii) the non-compliance set forth in the Notice of Intent to Revoke has been corrected by the Academy Board; or (iii) the Academy Board has successfully completed the Plan of Correction. In the event the Notice of Intent to Revoke is withdrawn, the CSO Director shall notify the Academy Board, in writing, of such withdrawal.

d) **Plan of Correction May Include Conditions to Satisfy University Board’s Contract Reconstitution Obligation.** As part of the Plan of Correction, the CSO Director may reconstitute the Academy in an effort to improve student educational performance and to avoid interruption of the educational process. established in Section 10.6(c);

revoking the Contract.

f) Hearing before University Charter Schools Hearing Panel. Within thirty (30) days of
the date of a Request for Revocation Hearing, the Hearing Panel shall convene a
revocation hearing. The Hearing Panel shall provide a copy of the Notice of Hearing
to the University Charter Schools Office and the Academy Board at least ten (10)
days before the hearing. The purpose of the Hearing Panel is to gather facts
surrounding the CSO Director’s request for Contract revocation, and to make a
recommendation to the University Board on whether the Contract should be revoked.
The revocation hearing shall be held at a location, date and time as determined by the
CSO Director or other University Representative. The hearing shall be transcribed by
a court reporter and the cost of the court reporter shall be divided equally between the
University and the Academy. The CSO Director or his or her designee, and the
Academy Board or its designee, shall each have equal time to make their presentation to the Hearing Panel. Although each party is permitted to submit affidavits and exhibits in support of their positions, the Hearing Panel will not hear testimony from any witnesses for either side. The Hearing Panel, may, however, question the CSO Director and one or more members of the Academy Board. Within thirty (30) days of the Revocation Hearing, the Hearing Panel shall make a recommendation to the University Board concerning the revocation of the Contract. In its discretion, the Hearing Panel may extend any time deadline set forth in this subsection. A copy of the Hearing Panel’s recommendation shall be provided to the University Charter Schools Office and the Academy Board at the same time that the recommendation is sent to the University Board.

g) University Board Decision. If the Hearing Panel’s recommendation is submitted to the University Board at least fourteen (14) days before the University Board’s next regular meeting, the University Board shall consider the Hearing Panel’s recommendation at its next regular meeting and vote on whether to revoke the Contract. Section 10.7. Automatic Revocation by State of Michigan. If the University Board is notified by the Superintendent of Public Instruction that the Academy is subject to closure under Part 6a of the Code (“State’s Automatic Closure Notice”), and the Academy is currently not undergoing a reconstitution as part of a Plan of Correction developed under Section 10.6, then this Contract shall automatically be amended to eliminate the Academy’s authority to operate
certain age and grade levels at the site or sites identified in the State’s Automatic Closure Notice. If the State’s Automatic Closure Notice includes all of the Academy’s existing sites, then this Contract shall automatically be revoked at the end of the current school year in which the notice is received without any further action of the University Board or the Academy. The University Board’s revocation procedures set forth in Section 10.6 do not apply to an automatic revocation initiated by the State.

Following receipt of the State’s Automatic Closure Notice, the University Charter Schools Office shall forward a copy of the State’s Automatic Closure Notice to the Academy Board and request a meeting with Academy Board representatives to discuss the Academy’s plans and procedures for the elimination of certain age or grade levels at the identified site or sites, or if all of the Academy’s existing sites are included in the State’s Automatic Closure Notice, then wind-up and dissolution of the Academy corporation at the end of the current school year. All Academy inquiries and requests for reconsideration of the State’s Automatic Revocation Notice shall be directed to the Superintendent of Public Instruction, in a form and manner determined by that office or the Michigan Department of Education.

The issuance of an order by the Superintendent of Public Instruction, pursuant to section 1280C of the Code, placing the Academy under the supervision of the State School Reform/Redesign Officer, shall constitute a material breach of this Contract. Following the issuance of the order, the University Charter Schools Office shall notify the Academy of the material breach and request a meeting with Academy Board representatives to discuss the matter. To remedy the material breach, the Academy shall work toward the development of a corrective action plan that is acceptable to the University Charter Schools Office. In addition to other matters, the corrective action plan shall include the Academy’s redesign plan prepared pursuant to section 1280C of the Code. The development of a corrective action plan under this Section 10.8 shall not in any way limit the rights of the University Board to terminate, suspend, or revoke this Contract.

Section 10.9. Appointment of Conservator/Trustee. Notwithstanding any other provision of the Contract, when the University Board determines that conditions or circumstances exist to lead the University Board to believe that the health, safety, educational or economic interest of the Academy or its students is at risk, the University Board may take immediate action against the Academy pending completion of the procedures described in Sections 10.6. The University Board may appoint a conservator/trustee to manage the day-to-day operations of the Academy in place of the Academy Board. A conservator/trustee appointed by the University Board shall have all the powers and authority of the Academy Board under this Contract and Applicable Law. Upon the appointment of a conservator/trustee, the appointment and term of office for each Academy Board member shall cease. Trustees when a regular appointment may be made by the Board of Trustees. **Graduation**

The educational model for Kalamazoo Covenant Academy serves students 16-22 years of age and offers a high school diploma upon meeting the academies’ graduation requirements. Typically, all of the students have entered the ninth grade at a previous school or schools and have since dropped out. The profiles of the students entering the Kalamazoo Covenant Academy
range from students with ninth grade through senior credits, ages 16-22, and all with various ability levels.

**Graduation Requirements**

The standards are outlined in the Common Core and High School Content Expectations (HSCE). The subject areas of English Language Arts, Science, Social Studies, Math, World Language, Arts, and Physical Education/Wellness will be taught by highly qualified, master teachers. In a traditional school, topics within a discipline are assigned to a course title such as “English” or “Biology.” In the proposed school, courses may be organized in different ways to accommodate the needs of the students and their progress in meeting the standards. Although students may be primarily grouped by age into grades 9-12, the movement of students through the curriculum will be based strictly on their individual progress.

**Testing**

**Michigan Merit Exam (Grades 11 and 12, based on credits earned by credits):** Students must complete the State of Michigan High School Michigan Merit Exam (MME) in order to comply with the District’s requirements for graduation. The MME is comprised of the ACT plus Writing, the ACT Work Keys, and the MME. Students must take all portions as directed the State Department of Education to comply with this requirement. By participating, students meet one of the requirements for eligibility for the Michigan Promise Scholarship. The exams will be administered during the school day, within a testing window of dates designated by the State Department of Education.

**SAT (Grades 11 and 12, based on credits earned):** The SAT is required by most Michigan four-year colleges and universities. It measures student achievement in English, Math, Reading and Science reasoning. It is recommended that juniors take the SAT in December with an additional opportunity to test at no charge when they take the SAT/MME in March. Seniors may want to retest in October to try to improve a previous score. The ACT and SAT are given on Saturdays several times during the school year.

**NWEA (9-12 by credits):** The Northwest Evaluation Assessment, that measures student growth and achievement in the areas of reading and math. The test is administered on a quarterly basis for a total of 4 times per year.

Students develop a strong foundation in working with linear equations in all forms, extending solution techniques to simple equations with exponents. Students explore functions, including notation, domain and range, multiple representations, and modeling. Through the comparison of linear and exponential functions, students contrast the concepts of additive and multiplicative change. Students then apply what they have learned to linear models of data, analyzing scatter plots and using lines of best fit to apply regression techniques. The course closes with an exploration of rational exponents, quadratic and exponential expressions, and an introduction to non-linear functions, with a heavy emphasis on quadratics.

SCHEDULE 7-5

ACADEMY’S ADMISSION POLICIES AND CRITERIA
KALAMAZOO COVENANT ACADEMY
ENROLLMENT AND APPLICATION OF PUPILS

ADMISSION POLICY AND CRITERIA

The school will comply with all applicable federal and state laws related to admissions and enrollment, including Section 504 of the Michigan Revised School Code and the ESA.

Non-Discrimination

The school will not discriminate on the basis of intellectual or athletic abilities, measures of achievement or aptitude, disability, status as a handicapped person, homeless status, English proficiency, religion, creed, race, sex, color, national origin or any other basis that would be illegal for an existing school district.

Open Enrollment Period and Notice

The "Open Enrollment Period" is from the first day of school of the current school year until 5:00 p.m. on the last day of business in February of the current school year, during which period the Academy shall include opportunities to enroll on evenings and weekends. Notice of the Open Enrollment Period and application process will be designed to inform the persons most likely to be interested in the school and to advise the public of its enrollment openings.

The ESP and/or the school will provide notice of open enrollment by (a) printing a legal notice of the enrollment period in a local newspaper of general circulation in the Kalamazoo County ISD area; (b) mailing a written notice of the open enrollment period and an application to all families who inquire about school enrollment; and (c) posting a written notice of the open enrollment period at the school. In addition, notice may also be provided by airing a public service announcement on local television. As part of the enrollment process, the school staff will seek to meet with families, parents and students prior to the first day of school via parent and student orientation meetings. In this way, applicants and their parents will have the opportunity to become fully informed as to the nature and scope of the school, its curriculum, and requirements.

Application Procedures

Interested parties may obtain applications at:

- The offices of the school
- The service center of the ESP at 400 W. Crosstown Parkway, Kalamazoo, MI 49001

Applications will be mailed or faxed to anyone requesting an application by telephone.

Applications for the current school year will be accepted until the end of the current school year and available seats will be filled. Applications for the subsequent school year are received during the Open Enrollment Period. If applications received exceed offered seats in any grade level ("over-subscribed grades"), a random selection process will take place for all grade levels.
including under-subscribed grade levels. If applications received are fewer than offered seats in each and every grade level ("under-subscribed grades"), all eligible applicants will be accepted and a random selection process will not be conducted.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

Accepted applicants must confirm their intent to attend the school within four weeks of acceptance by returning certain initial forms, including an Admissions Form and an Official Release of Records Form. The school will send letters to parents reminding them of this obligation in order to enroll their child. The school will send all applicants a postcard to inform parents that if the student does not attend the first day of school or call in to request an excused absence by the date and time indicated the student will forfeit his/her registered status in the school and will not be enrolled. The school will attempt to call all applicants who have not responded to inquire whether the applicant is still planning to attend.

Once students are enrolled and remain enrolled, they will remain eligible to be re-enrolled at the school for successive years without having to reenter the random selection process. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment Period showing intent to re-enroll for the subsequent school year. All applicants on a waiting list must resubmit an application for the following school year during the next Open Enrollment Period.

**Standby Opportunity Plan**

The Standby Opportunity Plan (SOP) is a procedure by which the school may decide to revise its waiting list on the first day of school. If the school follows this procedure, the school will send all applicants on the waiting list a registration card prior to the first day of school. To be included in the SOP, the applicant must return the card to the school by the date indicated and include phone numbers where the applicant can be reached the first day of school between the times listed on the card. In the event of an offered seat becoming available, the school will attempt to reach the parent participating in the SOP and offer the seat. If the school cannot reach the parent at the phone numbers and during the times provided on the card, the school will contact the next person on the waiting list who is participating in the SOP. If a student participates in the SOP and a seat is not available for them, they will receive a higher waiting list priority than those students who did not participate.

**Random Selection Process**

The random selection process shall be open to the public, and the school will notify all applicants of the time and place. A neutral third party person will be present during the random selection process. This person will not be related to any student, staff member, or anyone applying to the school. Names will be randomly selected until all offered seats have been filled. Any remaining names will be randomly selected to establish waiting list priority used to fill offered seats prior to and during the school year for which the student applied. After all eligible names have been
randomly selected the school will add the names of applicants who submitted applications after the Open Enrollment Period in the order in which they were received. The random selection process will be videotaped. In the event of any discrepancy, the video tape will be the official record of placement of students.

**Class Size and Offered Seats**
Class size and offered seats will be recommended by the ESP and submitted to the school board of directors for approval. In order to make provision for student attrition (reenrolling students who indicate that they are coming back but do not return on the first day of school) and erosion (new students who have been accepted for offered seats but are absent without excuse on the first day of school), the school may over-subscribe grades. The number of students to be over-subscribed will be determined based on historical and forecasted attrition and erosion. In addition, the number of classrooms may fluctuate in the event the number of students enrolled warrants the increase or decrease in number of classrooms. In no event will over-subscription, or fluctuations in the number of classrooms result in a violation of any provision or limit contained within the school's charter or applicable law.

**Enrollment Preferences**
Enrollment preference is first given to currently enrolled students and, for given school year, those pupils who were enrolled at the PSA facility on the last day of instruction of the prior academic year, to the extent that any required approval is obtained. Next preference is given to the following ordered categories of applicants:

- Siblings of currently enrolled students
- Siblings of students selected in the random selection process
- All remaining applicants.

If a student is selected for a grade level that still has offered seats available and the student has a sibling applying for a grade that no longer has offered seats available, the student will be accepted for his/her grade level and the student's sibling will be placed on the waiting list for his/her grade level with sibling preference. Therefore, while sibling preference applies, siblings are not guaranteed a seat.

**Procedural Steps**

**Step 1: Setup**
A list with the name of each student who submitted an application during the Open Enrollment Period will be created. The list will include the student's name, grade level to which the student is applying, street address, and names and grade levels of any siblings who are also applying for admission to the school.

**Step 2: Admission of Applicants Applying for Under-Subscribed Grades**
A neutral third-party person will randomly select the names of each applicant for each under-subscribed grade level. If the accepted student has siblings who are also
applying for admission, the siblings will be accepted if there are offered seats available, or placed on the waiting list with sibling preference if offered seats are not available. This admissions process will continue for the successive under-subscribed grades for all students until all names have been selected with their associated siblings.

**Step 3: Admission of Applicants Applying for Over-Subscribed Grades**

A neutral third-party person will then randomly select the order in which oversubscribed grades will be filled. Student will be randomly selected for available seats or placed on the waiting list if an offered seat is not available. If the selected student is accepted and has siblings who are also applying for admission, the siblings will be accepted if there are offered seats available or placed on the waiting list with sibling preference if offered seats are not available. If the selected student is placed on the waiting list and has siblings who are also applying, the siblings' names will not be selected at this time, but will wait until their grade level is selected.

**Step 4: Waiting List Priority**

Students will continue to be randomly selected until all names are selected. After a grade level's seats are full, all remaining names will be placed on the waiting list in the order in which they are selected. Applications received after the Open Enrollment Period will be added to the end of the waiting list for the appropriate grade in the order in which they were received.

When a seat becomes available in a particular grade due to attrition, erosion, or other event, if that particular grade has a waiting list, that available seat will be filled by the first student on the waiting list for that particular grade. If a waiting list does not exist for that particular grade, but exists for another grade, the school may (subject to applicable enrollment limits and board approved offered seats) fill the available seat using the first student on the waiting list in a different grade, the grade deemed most beneficial to student and school considering class size, teacher capacity, and other school operational factors.

**Appeals**

Any parent or guardian who wishes to contest or appeal any aspect of the random selection process may do so in writing to the school's board of directors sent to the school's address. Following receipt of the parent's written appeal, a representative of the board of directors will contact the parent to discuss the nature of the concern or objection. Final decisions will be made by the board of directors or its designee.

Proposed School Calendar and School Day Schedule

Academic Schedule

The curriculum is a combination of academics, life skills preparation, and employment training. Each student works on an individualized computer program, participates in small group session, and completes independent work in order to earn credits for graduation. Students also have access to electronic courseware for their academic lessons and employment exploration. One-on-one tutoring is also available, if needed. Students attend one academic session per day, Monday-Friday. Session enrollment is determined by capacity and availability. Students may attend an additional session, if space is available.

Session I: 7:30am-11:30am

Session II: 11:30am-3:30pm

Kalamazoo Covenant Academy operates a year around educational program. The Board-Approved Calendar for the 2015-2016, consists of 220 days of instruction or 880 hours of instruction.

School Schedule 2015-16

The projected opening of the school is August 31, 2015. The starting date and proposed date for teachers to report will be August 24, 2015. The calendar will reflect vacation windows consistent with the school calendar required by public schools in Kalamazoo County. Kalamazoo Covenant Academy will apply to the Michigan Department of Education for an Attendance Waiver, which will reduce the daily attendance requirement to provide students with a flexible schedule. The goal is to provide year-round instruction based on a 50% attendance waiver from the Michigan Department of Education. The following is an example of how the year-round school calendar would run during 2015-16 School Year:

Kalamazoo Covenant Academy will serve students ages 16 through 22 (and up to age 26 for special needs student), ranging from grades 9-12. The ages of the students and the corresponding grade levels will be largely dependent on the demand of the community and the surrounding geographical locations. The total enrollment of Kalamazoo Covenant Academy is expected to increase to 200 students by its fifth year of operation.

The student population to be served by Kalamazoo Covenant Academy is likely to be multiple grades below their peers in reading, English language performance and math skills. The students will in most cases be dropouts or on the verge of dropping out. Approximately 20% to 25% of them will be unable to attend regular public schools because they have aged out or are close to aging out. Most will present with a variety of compounding personal circumstances that put them highly at risk of ever achieving their high school diplomas. Almost half of them will qualify as “homeless” under the federal McKinney-Vento Act because they do not live with custodial parents or legal guardians.

This describes the kind of student that Kalamazoo Covenant Academy will serve. They are highly at-risk, underachieving students who have fallen behind academically and who have dropped out or have been forced out of traditional schools, sometimes because of recurring disciplinary issues related to their frustrations and lack of performance. However, these are not the kind of students one finds in “strict discipline academies”. These are students who have decided to return to high school, and once properly counseled as to how they can achieve their goals, seldom present any disciplinary challenges in the school.
Kalamazoo Covenant Academy offers the uniqueness of a blended curriculum: a strong online, computer-based component and direct instruction for students requiring more traditional, face-to-face support. Most of the students to be served by Kalamazoo Covenant Academy bring a variety of academic, personal and social challenges, including low reading and math skills, poverty, encounters with the criminal justice system, being teenage parents, having to support other family members, and homelessness. Kalamazoo Covenant Academy offers the critical component of additional time needed to serve these students because they may remain in school until age 22. The blended curriculum and support services at Kalamazoo Covenant Academy work together to provide the kind of wraparound services needed to adequately address the needs of the students. Some students actually have the skills to thrive in the accelerated computer-based program (Edgenuity), but may require other kinds of emotional and social support to remain in school, to stay focused and to succeed; others need a great deal more guidance and intervention to get them up to speed in their basic academic and social skills.

Most important, Kalamazoo Covenant Academy starts with a strong philosophy that puts the needs of the students first. Kalamazoo Covenant Academy helps motivate students by providing each with an individualized Education Development Plan (EDP) and a clear path to achieving their educational goals. Our first goal, after getting students back into school, is retention - making sure they stay in school. The second goal is progress - academically, socially and in developing life skills. Sometimes it is incremental, gradual progress, often measured in non-traditional, alternative ways. When the first two goals are met, graduation for students is often an inevitable outcome as a third goal. Kalamazoo Covenant Academy understands that not all students who come to the program vastly behind academically will make it to graduation. They will, however, all demonstrate measured progress in terms of their ability to function as responsible citizens of their communities, most of them capable of getting and holding onto jobs they otherwise may not have been capable of even accessing. As embedded in our mission, the entire Kalamazoo Covenant Academy staff approaches students in a non-judgmental way, demonstrating the kind of respect and the love one would expect from parents. That kind of treatment is at the core of the Kalamazoo Covenant Academy’s guiding philosophy, which does produce desired outcomes.
