## A GVSU PARTNERSHIP PROGRAM

### Australia: University of Sunshine Coast Open to: All Majors

#### TELL ME ABOUT THIS PROGRAM

The USC is considered an outstanding performer in higher education and has been one of the fastest growing Universities in Australia. Located an hour away from Queensland's capital, Brisbane, the Sunshine Coast is considered one of Australia's most beautiful regions. Students will live in apartments that are walking distance to campus and just a short distance from the beach.

While USC offers a wide-range of subject areas for students to choose from, those students interested in sustainability and regional engagement may find the research and course offerings particularly interesting. USC places a very strong emphasis on sustainability which is evident throughout all facets of the University. [Past participants](#) have regularly commented on the excellent support services and teaching quality available at USC. USC's also organizes a number of optional excursions for international students each year. Some past excursions have included a trip to Fraser Island, a surfing trip, and a whale watching trip.
