How to Access the Healthy Choices Wellness Program using the new MyHealth site:

1. **Create a new account**, if you don’t already have one. Log in.
2. Click on “Insurance” in the left navigation bar.
3. Click on “Health and Wellness”
4. This will reroute you to the old PH site-ok-click and go.
5. Click on “Go now” in center of screen-this will take you to the healthy choices portal where you can complete your Health Assessment online and also schedule your biometric screening appointment.

- If you are having issues being rerouted, please call the MyHealth customer care center: 877.308.5083.

- If you want to check and see if you completed all components for the 2015 program year, call PH via the number on the back of your insurance card. This is not the same number as the Myhealth customer care number above.

- To view previous Health Assessment results, you will need to complete the 2016 Health Assessment first. Once the 2016 assessment is complete previous Health Assessment scores will appear.
