Application Process for Histotechnologist Program at Beaumont Hospital

Application Information

Grand Valley State University students interested in completing the Histotechnologist program at Beaumont Hospital must complete the secondary admission process below. Students may apply as early as their sophomore year, however admitted students will not be eligible to start the program until after all other bachelor degree requirements are completed typically at the start of their senior year. Beaumont Hospital **application deadline is April 15th** and the program begins at Beaumont in September.

Admission Prerequisites

All interested applicants are encouraged to apply, however a cumulative and math/science grade point average of 3.0 is preferred. The courses preferably should have been taken within the last seven years. Courses may be in progress at the time of application.

Required Courses

- ✓ General Chemistry w/ Lab
- ✓ Organic Chemistry w/ Lab
- ✓ Anatomy
- ✓ Physiology
- ✓ Microbiology
- ✓ Cell & Molecular Biology
- ✓ Intermediate Algebra
- ✓ Physics

Strongly Recommended Courses

- Biochemistry w/ Lab
- Genetic
- Hematology
- Histology w/ Lab
- Immunology
- Statistics

Application Requirements.

The application consists of the following components, all of which must be completed and submitted by **April 15th**. All required documents listed below are available on the Beaumont Hospital Histotechnologist program. To learn more go to the following website at: <https://www.gvsu.edu/ahs/histotechnology-emphasis-application-information-40.htm>

- ✓ Beaumont Hospital Histotechnology Application Packet (\$40 application fee)
- ✓ Official transcripts from all colleges and universities attended
- ✓ Three *Official Letters of Recommendation" on forms provided in the Application Packet
 - Two (2) from science instructors/advisors
 - One (1) from a supervisor
- ✓ Academic Course Plan
- ✓ Personal Statement

Once all application materials have been received, the applicant will be contacted by Beaumont Hospital to schedule a personal on-site interview. Prior to the interview, the student must read the information contained within the Pre-interview Mandatory Education and download the tests and signature sheets. The student should bring the completed tests and signature sheets with them to the interview. The interview will not take place without these forms.

Admission is competitive, and is based on number and types of science courses taken, grades, recommendations, statement of career goals, types of job(s), interview, etc.
