LEARNING TO SEE

Visual Training for the Health Professional

ART 350

NEW COURSE!

Fall 2021, W 2022, 11:00 am- 12:50 MW

An interactive studio art course for the health care professional. Develops skills in visual analysis, mental focus, and attentive presence, through drawing, meditation, and training in visual thinking, especially as it relates to the clinical setting. Created in close consultation with physicians and artists who created a similar course at Harvard Medical School, this course capitalizes on the power of the visual arts to promote improved diagnostic and clinical skills for the health professional. NO art background or art skill required.

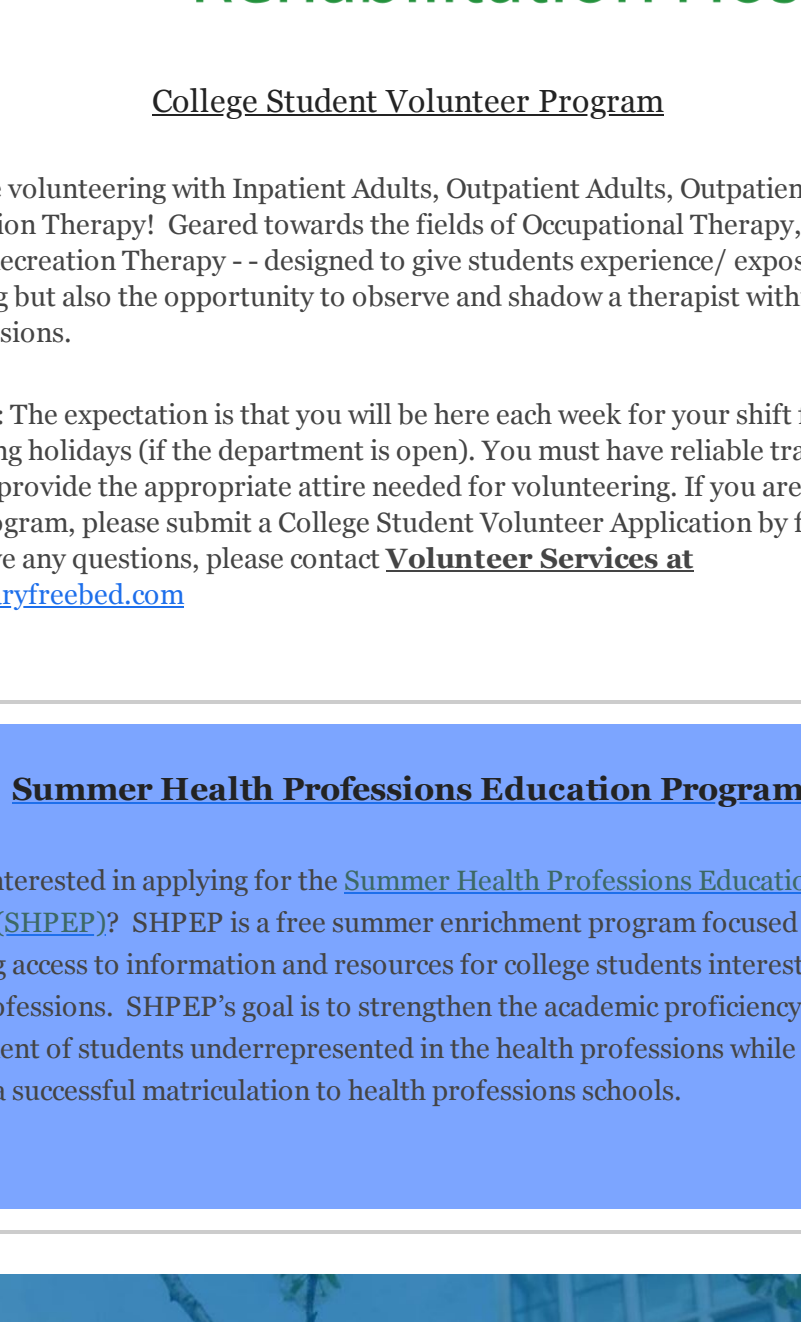

This course fulfills a **General Education Issues requirement** in the Health category. Offered Fall and Winter semesters.

Email Associate Professor Jill Eggers with any questions at eggersi@gvsu.edu.

GRE Full-Length PRACTICE TEST

Need Health Care Experience?

See below for health care jobs and volunteer opportunities.

Restoring Hope and Freedom Mary Free Bed Rehabilitation Hospital

College Student Volunteer Program

Get experience volunteering with Inpatient Adults, Outpatient Adults, Outpatient Pediatrics, and in Recreation Therapy! Geared towards the fields of Occupational Therapy, Physical Therapy and Recreation Therapy -- designed to give students experience/ exposure to a hospital setting but also the opportunity to observe and shadow a therapist within different therapy professions.

The Fine Print: The expectation is that you will be here each week for your shift for all 13-15 weeks, including holidays (if the department is open). You must have reliable transportation and be able to provide the appropriate attire needed for volunteering. If you are interested in joining our program, please submit a College Student Volunteer Application by following [this link](#). If you have any questions, please contact **Volunteer Services** at volunteer@maryfreebed.com

Summer Health Professions Education Program

Are you interested in applying for the Summer Health Professions Education Program (SHPEP)? SHPEP is a free summer enrichment program focused on improving access to information and resources for college students interested in the health professions. SHPEP's goal is to strengthen the academic proficiency and career development of students underrepresented in the health professions while preparing them for a successful matriculation to health professions schools.
