Amount Requested: \$4754.00

Amount Allocated: \$3590.00

Narrative description of presentation/discussion and details on what was approved or unapproved in the request:

For the 10 year anniversary, the organization is hosting a gala in which food, a DJ, a photobooth, and marketing is being requested. The organization explained that they were able to cut catering by \$100 by getting rid of food items that are not popular. The organization then went through and explained each of the line items, and explained why each was important. Last year they were unable to have the photobooth, and they are looking to receive one this year. The board asked how the 425 number was arrived at, and the organization explained that this is a large event and outside organizations are being

reached out to. The organization explained that around 300 GV students would be attending, and some extra staff will be attending. VP Aller suggested cutting the food down to the number to feed the 300 GV students, and at about \$300 a head, this would bring line item 1 to \$3000.00. The board discussed the merit of the photobooth being at this event. Because the event is their 10th anniversary, and the organization has cut down on other costs, the board was in favor of allowing the photobooth.

Motion to: Adjust line item 1 to \$3000.00 and approve in at 3590.00
