

1. Since students normally come to Grand Valley State University for the primary or sole purpose of attending the University rather than establish a domicile in Michigan, those who enroll at Grand Valley as non-residents shall continue to be so classified throughout their attendance as students unless and until they demonstrate that their previous domicile has been abandoned and a Michigan domicile established.
2. No students shall be eligible for reclassification as residents unless they shall be domiciled in Michigan and have resided in Michigan continuously for not less than six months immediately preceding the first day of classes of the term for which reclassification is sought.
3. For purposes of these regulations, resident students are defined as students domiciled in the State of Michigan. Non-resident students are defined as those whose domicile is elsewhere. 5. Certain individuals may be eligible for consideration as resident student if they graduated from a Michigan high school after attending three years and are not legal residents of the United States, this eligibility extends for 28 months following high school or community college graduation.
6. Each individual case must be determined on its own particular facts. The following facts and circumstances, although not necessarily conclusive evidence of domicile, have probative value thereon in support of a claim for residence classification:
 - a. Continuous presence in Michigan during periods when not enrolled as a student
 - b. Reliance upon Michigan sources for financial support
 - c. Domicile in Michigan of family, guardian or other relatives or persons legally responsible for the student.

Other factors indicating an intent to make Michigan the student's domicile will be considered in classifying a student.
7. The following facts and circumstances, standing alone, shall not constitute sufficient evidence of domicile to effect classification of a student as a resident under these regulations:
