

# WHAT HAPPENS WHEN A STUDENT GETS COVID?

Where should I report that I'm having COVID-19 symptoms or have tested positive for COVID-19?

## POINT OF ENTRY #1

Find your daily self-assessment  
[gvsu.edu/hro/selfassessment](https://gvsu.edu/hro/selfassessment)

## POINT OF ENTRY #2

Call the GVSU COVID-19 24/7  
Hotline at 833-734-0020

## STUDENTS WHO PASS DAILY SELF-ASSESSMENT

You can return to campus as normal.

## STUDENTS WHO FAIL DAILY SELF-ASSESSMENT

- You will be instructed to stay home.
- You will be instructed to call the GVSU COVID-19 hotline.
- If you don't call the hotline, Spectrum Health will call you within 2 hours of failed assessment.
- You will be given instructions on when you can return to campus.

## STUDENTS AWAITING TESTING

- Living on-campus: the student will be instructed to quarantine until they are able to get tested and they receive their results.
- Living off-campus: the student will be instructed to quarantine until they are able to get tested and they receive their results.

*See below for quarantine information.*

## RETURN TO CAMPUS

- Some students may fail their daily self-assessment, but upon speaking with a health professional, may be advised they are eligible to return to campus as normal.

## ISOLATION

- If a student tests positive, they will be instructed to self-isolate.

*See back for details.*

## QUARANTINE

- If a student has been exposed, is asymptomatic, or is waiting testing, they will be instructed to quarantine for 14 days.

*See back for details.*

# ISOLATION & QUARANTINE

## What's the difference? What is required of me as a GVSU student?

### ISOLATION

#### IF A STUDENT TESTS POSITIVE

- If a student tests positive, they will be instructed to self-isolate.
- Spectrum Health will conduct daily check-ins with students in isolation.
- Living on-campus: Housing will work with the student to make sure they have adequate space to isolate, provide an isolation kit, work with Campus Dining to make sure they have access to food, and coordinate laundry services and trash pickup.
- Living off-campus: Students will be instructed to isolate. If they have a meal plan, they can arrange for a friend to pick up their meals daily. The COVID-19 Coordinator will also provide support, such as helping contact professors. The COVID-19 Coordinator can provide resources, but students will be responsible for coordinating other services for themselves in order to maintain their isolation.

### QUARANTINE

#### IF A STUDENT HAS BEEN EXPOSED, IS ASYMPTOMATIC, OR IS WAITING TEST RESULTS

- If a student has been exposed, is asymptomatic, or is waiting testing, they will be instructed to quarantine for 14 days.
- Spectrum Health will conduct daily check-ins until either the 14 days ends or the student has had no symptoms.
- Living on-campus: Housing will work with the student to make sure they have adequate space to quarantine, work with Campus Dining to ensure they have access to food, and help coordinate laundry services and trash pickup.
- Living off-campus: Students will be instructed to quarantine for 14 days. If they have a meal plan, they can arrange for a friend to pick up their meals daily. The COVID-19 Coordinator will also provide support, such as helping contact professors. The COVID-19 Coordinator can provide resources, but students will be responsible for coordinating other services for themselves in order to maintain their quarantine.
