PRESENTATION DETAILS

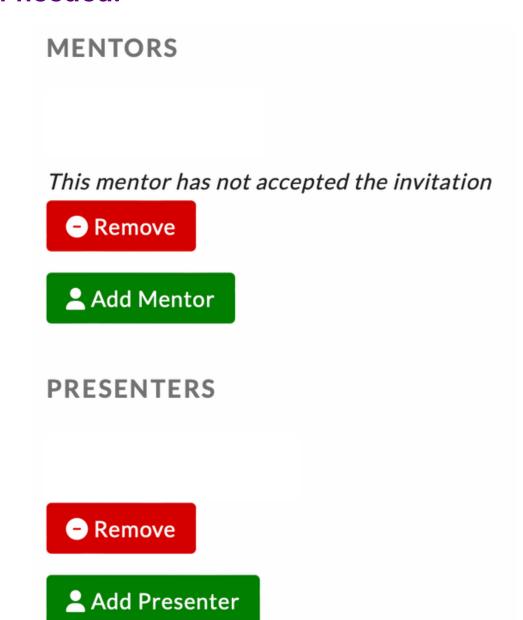

This presentation information can be edited until the end of registration on February 24, 2024 at 1:00 AM. Any changes made to the presentation details will automatically be sent to the Presenters and Faculty Mentors. Each Presenter and Mentor must log on individually and change his/her approval status for this presentation to "Approve" for the presentation to be accepted for Student Scholars Day. The option to approve and deny will be available until February 24, 2024 at 1:00 AM. At that time, presentations with any unapproved Presenters or Mentors will be removed from the SSD schedule.

Step 8: Add mentors or presentors If you have additional mentors, add them here by clicking the "Add Mentor" button
If you have additional presenters, add them here by clicking the "Add Presenters" button
They will receive an email to confirm the presentation.

Once co-presenters have accepted the presentation, they will be able to edit their own presentation information, if needed.

Step 9: Edit time for multiple presentors Co-presenters should click on the link received via email.

Click the green "Accept" button to accept the presentation.

Click the "Change Time/Location button to edit your presentation time.

Select the times that work for you to present.

Be sure to hit "Submit" to save your changes
