

Grant Summary	
Funding Source:	National Institutes of Health (NIH)
Program Title:	<ul style="list-style-type: none"> ▪ Support for Research Excellence (SuRE) - PAR-24-144 (Clinical Trial Not Allowed) ▪ Support for Research Excellence - First Independent Research (SuRE-First) - PAR-24-145 (Clinical Trial Not Allowed)
Deadline:	Sept 29, 2025; May 27, 2026
Funding Amounts:	Up to \$100,000 (SuRE) or \$125,000 (SuRE-First) in direct costs per year, excluding facilities and administrative (F&A) indirect costs, for a maximum of 4 years.
Matching Funds:	N/A
Eligible Applicants:	<p><u>Public/State Controlled Institutions of Higher Education (SuRE & SuRE-First)</u></p> <p><u>Project PD/PI eligibility limitations:</u> Any individual(s) with the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with their organization to develop an application for support. Since the SuRE award is structured to best support a single PD/PI, multiple PD(s)/PI(s) (MPI) are not allowed. Institutions can apply for separate awards for PDs/PIs with similar or complementary research interests. The PD/PI must have a full-time appointment, defined here as a tenure-track or other type of independent faculty position, at the applicant institution and must be leading their own independent research program. An individual holding a postdoctoral, trainee, or similar non-independent position is not eligible to apply.</p> <ul style="list-style-type: none"> ▪ <u>SuRE</u>: Supports investigators who are not currently funded by an NIH Research Project Grant except for SuRE or SuRE-First awards. ▪ <u>SuRE-First</u>: Eligibility is limited to applicants who, at the time of submission, have not been or are not the PD/PI of any NIH SCORE grant or any peer-reviewed, externally funded federal or non-federal research award. NIH RPGs or other grants that name the SuRE-First applicant as a co-investigator, project leader, collaborator, consultant, or to a position other than PD/PI do not disqualify an applicant from applying for SuRE-First support. An applicant who is the PD/PI of a career development grant is eligible to apply, if allowable by the terms and conditions of the award. The PD/PI must have a full-time appointment, defined here as a tenure-track or other type of independent faculty position, at the applicant institution and must be leading their own independent research program.
Program Summary:	The SuRE program supports research capacity building at eligible higher education institutions by funding investigator-initiated biomedical research in basic, social, clinical, behavioral, or translational science that falls in the mission areas of the NIH.
Eligible Activities:	The SuRE program will support investigator-initiated research in the basic, social, clinical, behavioral and translational sciences (collectively termed "biomedical")

Grant Summary

This document is an overview and accurate to the best of our knowledge.

Please refer to the sponsor's funding announcement for final guidance and submission instructions.

	<p>sciences) that falls in the mission areas of NIH Institutes, Centers and Offices. These include the following:</p> <p>National Institute of General Medical Sciences (NIGMS) National Eye Institute (NEI) National Human Genome Research Institute (NHGRI) National Institute on Aging (NIA) National Institute on Alcohol Abuse and Alcoholism (NIAAA) National Institute of Allergy and Infectious Diseases (NIAID) National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS) National Institute of Biomedical Imaging and Bioengineering (NIBIB) National Institute of Child Health and Human Development (NICHD) National Institute on Deafness and Other Communication Disorders (NIDCD) National Institute of Dental and Craniofacial Research (NIDCR) National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) National Institute on Drug Abuse (NIDA) National Institute of Environmental Health Sciences (NIEHS) National Institute of Mental Health (NIMH) National Institute of Neurological Disorders and Stroke (NINDS) National Institute of Nursing Research (NINR) National Institute on Minority Health and Health Disparities (NIMHD) National Library of Medicine (NLM) National Cancer Institute (NCI)</p> <p>Research activities funded by the SuRE program require participation by students. SuRE investigator-initiated research projects must fall within the scope of the NIH mission, or they will be withdrawn prior to review. More complete information about the mission of each NIH Institute/Center (IC) can be found at https://www.nih.gov/institutes-nih/list-institutes-centers. Applicants are encouraged to contact the NIH IC Scientific/Research contact listed in Section VII. Agency Contacts that best aligns with their proposed research. For ICs not listed and for all general programmatic questions, inquiries should be directed to the NIGMS Scientific/Research contact.</p>
Evaluation / Performance Measures:	<p>When multiple years are involved, recipients will be required to submit the Research Performance Progress Report (RPPR) annually and financial statements as required in the NIH Grants Policy Statement Section 8.4.1 Reporting.</p> <p>Recipients are required to report information on students participating in the project in RPPR Section D. Participants, to identify publications co-authored by students and to report students' educational and career outcomes (e.g., degree completion, subsequent employment or degrees sought).</p> <p>A final RPPR, invention statement, and the expenditure data portion of the Federal Financial Report are required for closeout of an award, as described in the NIH Grants Policy Statement Section 8.6 Closeout.</p>
Proposal Development Team:	TBD, possibly KCON, CHP, Social Sciences
