April 2025

From CECI Advising

Message from Melanie

April spring! With flower blooms breaking ground after slumbering through winter, may you break through these last few weeks of the semester.

Whether you need extra help or your path is already cleared ahead, your advisor is here to help you grow!

We are here for you! Think of you Academic Advising office as a hub for relief -- what can we do to help ease the weight of this time? Please reach out and let us help!

Just Starting??

Welcome!

Academic advising in the College of Education and Community Innovation (CECI) is a team effort between students, teachers, and staff. We help students create education plans that match their values, goals, and interests. We empower students to take charge of their education, make informed decisions, and confidently navigate college. Our goal is to support their success in school, work, and life.
