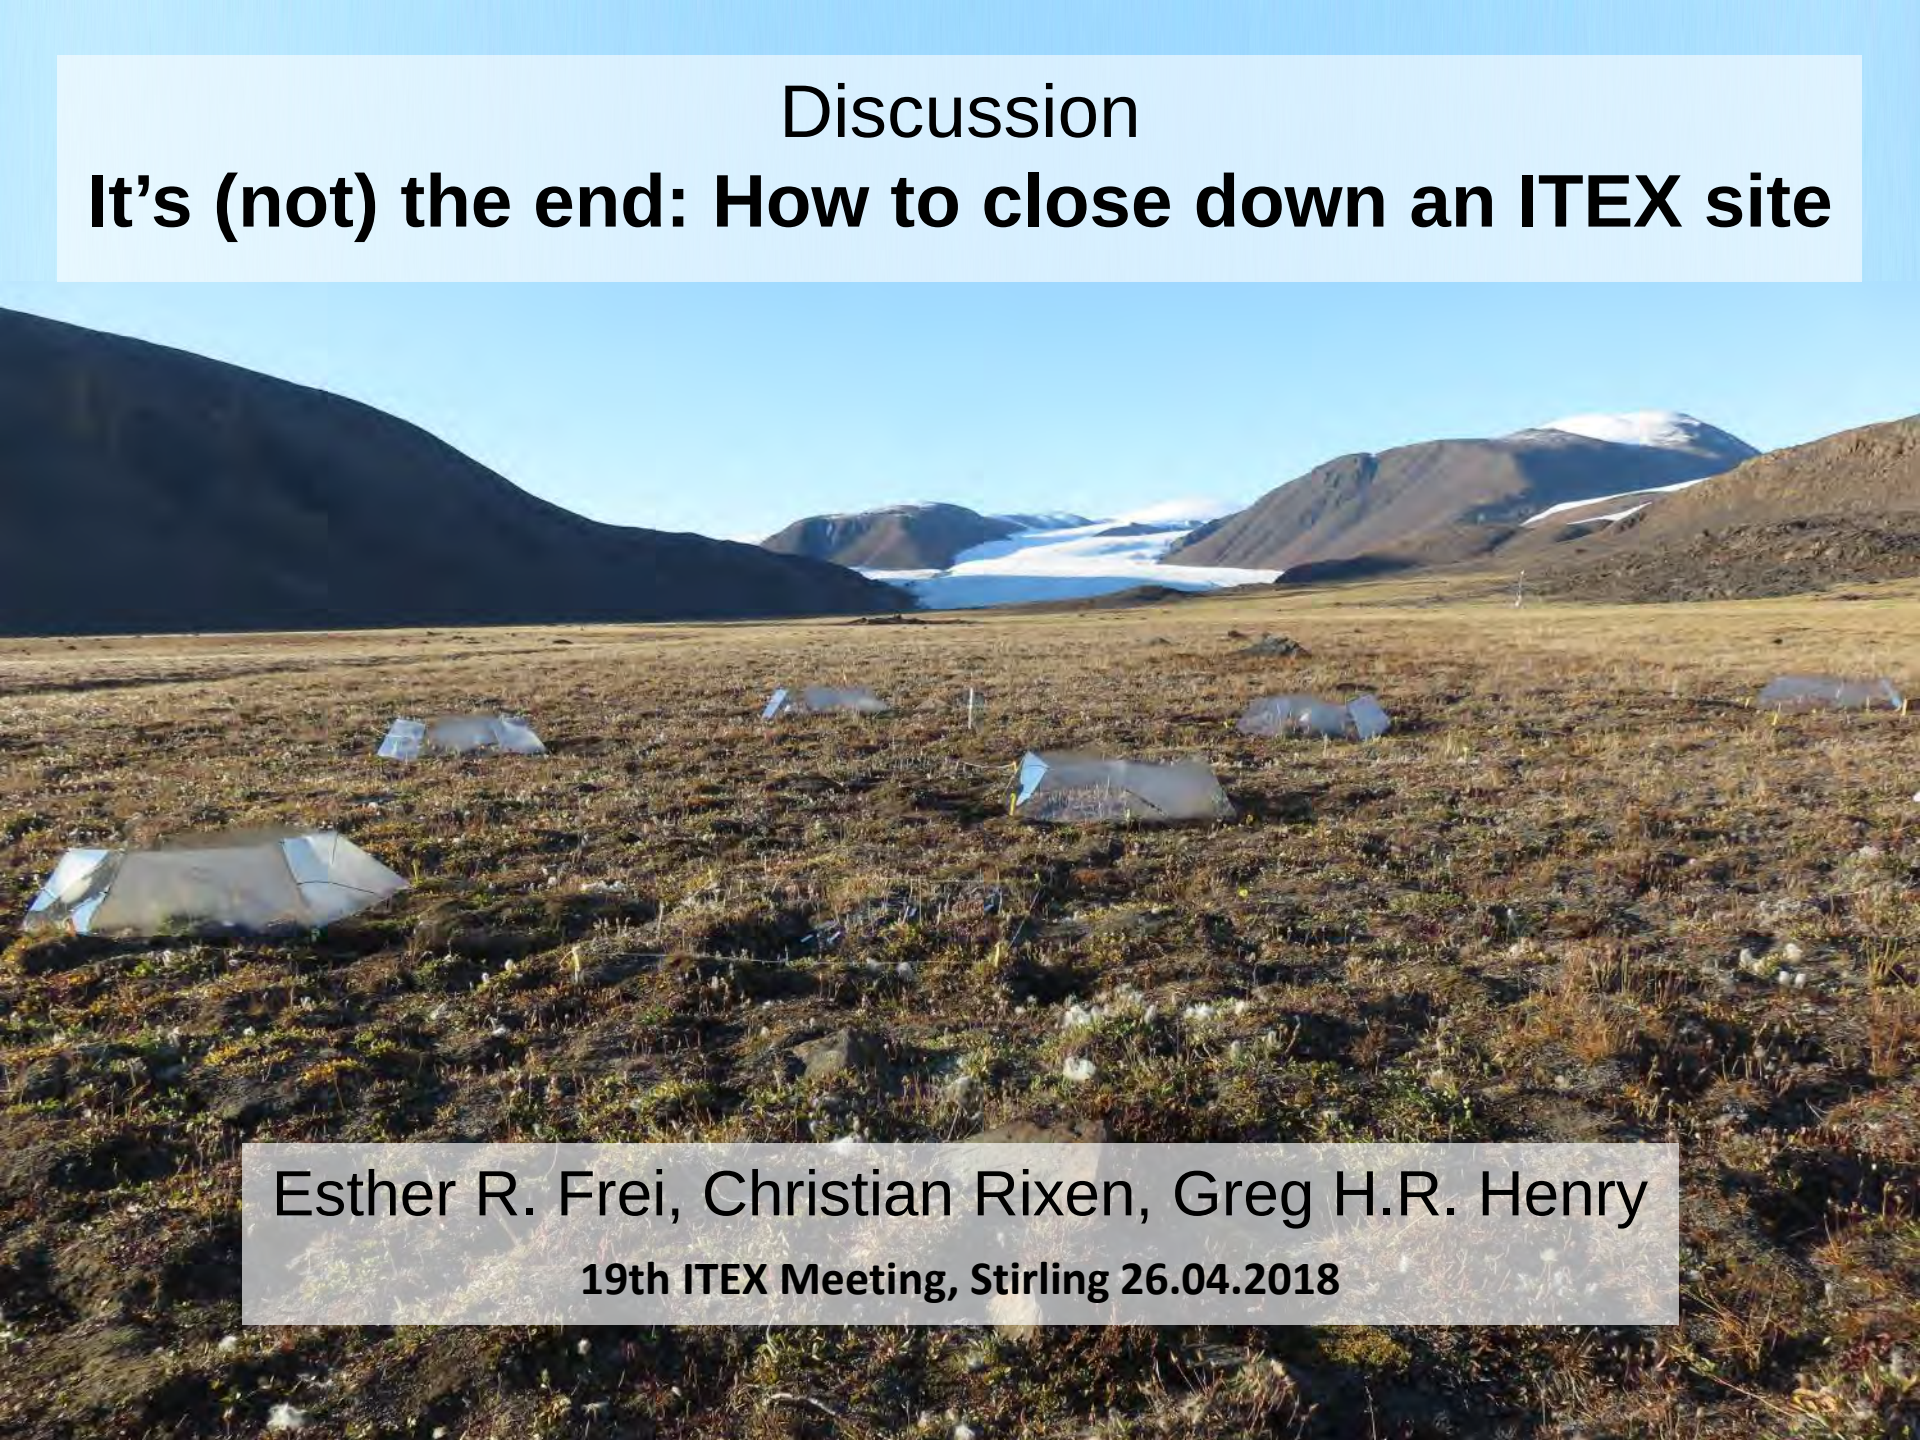
Discussion

It’s (not) the end: How to close down an ITEX site



Esther R. Frei, Christian Rixen, Greg H.R. Henry

19th ITEX Meeting, Stirling 26.04.2018

Discussion about closing down an ITEX site

- How should plots be marked and documented to ensure they can be located again?
- How should data and meta data be archived and made available for future use?
- Should a common protocol for closing down sites be included in the ITEX manual?
