

An aerial view of a university campus during autumn. In the foreground, a winding concrete path cuts through a green lawn dotted with trees showing vibrant red and orange foliage. In the background, a tall brick clock tower with a white face and a dark roof stands to the left. To the right is a large, modern building with a prominent glass facade. The sky is a clear, pale blue.

ORGS

The background image shows a university campus at dusk or dawn. A prominent clock tower with a diamond-shaped logo is visible in the center-left. The sky is a mix of blue and orange, with some clouds. Trees are silhouetted against the sky, and a grassy field is in the foreground. The text 'IMPORTANT DATES' is overlaid in a white box.

IMPORTANT DATES

TRANSITIONS STUDENT ORIENTATION

August 22 - 24, 2018

CAMPUS LIFE NIGHT

September 4, 2018
6-8 p.m.

FAMILY WEEKEND

September 21-22, 2018

SIBS & KIDS WEEKEND

January 25-26, 2019

A large group of diverse students, mostly young adults, are posed on a set of concrete steps outdoors. They are all wearing bright blue t-shirts with the text "STUDENTLIFE BECOME MORE" printed on them. Many of the students have their hands raised in the air, some with fingers spread, others in peace signs, and some with fists clenched in a celebratory gesture. They are all smiling and looking towards the camera. The background shows a brick building with large windows and a green lawn. A white bicycle is parked on the left side of the frame. The overall atmosphere is energetic and positive.

RESOURCES

A photograph of a university campus scene. In the foreground, a young woman with blonde hair in a ponytail, wearing a blue jacket, black pants, and a backpack, is walking from right to left. In the background, another student in a red jacket is walking away. The scene includes a large tree on the left, a paved path, green grass, and a modern building in the distance. The word "QUESTIONS?" is written in large, white, bold, sans-serif capital letters, centered within a white rectangular border that is slightly offset from the edges of the image.

QUESTIONS?
