Wednesday, November 11, 6pm

An Exciting Virtual Event held via Zoom!

[Register at www.gvsu.edu/geography](http://www.gvsu.edu/geography)

**We are Featuring 2 Dynamic Speakers and their Important Work!
Questions and Discussion will Follow each Presentation**

Alison Sutter, Grand Rapids Sustainability Manager
**“Sustainability and Equity in 2020 and Beyond:
Grand Rapids' Strategic Plan”**

Alison Sutter is responsible for managing the City's sustainability programs as well as creating a performance management program to ensure the City implements its recently adopted citywide Strategic Plan. She was also recently appointed by the Governor to the newly created Michigan Advisory Council on Environmental Justice.

Liz Kirkwood, Executive Director of FLOW (For Love of Water),
“Securing a Brighter Future without Line 5 Or an Oil Tunnel”

Liz Kirkwood is executive director of FLOW (For Love of Water), a non-profit based in Traverse City, dedicated to protecting the public waters and ecosystems in the Great Lakes Basin. As an environmental attorney with over 20 years of experience, Liz develops and oversees FLOW's work on key Great Lakes environmental policies. <https://forloveofwater.org>
