I understand:

- 1) This is a statement of application to pursue school certification, but I can opt out of school certification at any point.
- 2) Students intern in a school or have 500 direct contact hours with children and adolescents. For students completing a two semester internship, they must intern in a school to qualify for school certification.
- 3) SW 661, SW 663, and SW 664 are required for the school certification and that SW 664 is beyond the MSW degree requirements.
