

MEMORANDUM

To: Reacher Higher 2025 Steering Committee

From: AP Executive Committee

Subject: Reach Higher 2025

Date: January 27, 2022

CC: Mychal Coleman (Chief Human Resources Officer), Deb Sanders (Director of Staff Relations & Compensation)

The Administrative Professionals (AP) Executive Committee is a representative body of AP staff that reviews and makes recommendations about Grand Valley State University personnel policies and other university decisions that affect AP staff.

After feedback opportunities from all AP staff, the AP Executive Committee supports the process and current (January 2022) version of the draft values, mission, vision, and strategic themes of RH2025. We look forward to having AP play a major role in defining the specific programs and policies that will lead to the outcomes set forth in RH 2025.
