Survey Reminder

Please take a few minutes to complete the anonymous Administrative Professionals (AP) Committee survey by Friday, October 14. This survey is intended to gather information about the experiences, needs, and priorities of

AP employees and will be used to shape the work of the five AP committees.

Last year's [survey results](#) were used to issue a memo to Senior Leadership Team and resulted in us presenting to President's Council. We did our best to voice your points of pride and concerns across campus and will continue to do so this academic year.
