Learning Plans are kept on file in the department office and are reviewed by student and advisor every semester, and revised when appropriate. Students can revise plans at any time by writing a new draft and meeting with their advisor. After review and consultation the new plan is signed and put on file. Learning plans help articulate and represent student learning needs and objectives as they develop during your time at GVSU. They help structure effective and efficient progress through the program and facilitate institutional acknowledgement.

emphasis in Visual Studies. Courses are selected based on your Aspirations, Objectives and your Studio Inquiry. You can have a minimum of 5 and maximum of 8 studio courses in Visual Studies, including at least four different courses (Civic Studio, Curatorial Studio, Image Studio, Interactive Studio, Space Studio, Time Studio). All Visual Studies courses may be taken twice which enables deeper engagement in areas that are significant for student’s plan.
