

13th International University Air Rifle Match

- Eligibility:** This competition is open to all shooters, novices to world-class, men or women, as long as the shooter is studying at a university, college or high school, or is eligible to compete in university competitions in their country.
- Rules:** Current air rifle ISSF rules apply.
- Course:** 40 shots, scored in full ring value.
- Competition:** This is both a team and individual competition. A team consists of four shooters from the same school. Each school can register any number of teams. A shooter can participate to the individual competition only, if desired.
- Schedule:** The match is shot at your own convenience during normal practice hours; scores of another official match can be used too. It has to be completed by December 1st, 2023.
- Fee:** The match is free.
- Entries:** The coach will email the name of all participating shooters. For each team, please provide a team name and the name of the four shooters. Shooters and teams should be registered by November 1st, 2023.
- Scores:** The coach will collect the scores and email them to the organizer on December 1st, 2023 the latest. The final results will be announced by December 10th, 2023.
