

Fridays @ 1!

Building a Community of Students
and Faculty Around Mathematics

50+ unique student attendees every semester!

“They helped me connect to my peers and professors outside of the classroom. They also helped me to think about math in ways that I hadn't before, whether that be through different career applications or general skills, like puzzle solving. The events definitely enriched my time at GVSU.” ~Dori Schlutt, '24

Some of Our Events

- Welcome Back Socials
- Math Circles
- Applied Math Seminars
- Tea Times
- Estimathons
- Faculty Research Showcases
- Undergrad Research Showcases
- Alumni Advice Panels
- Advising Help

What are Fridays @ 1?

Every Friday at 1pm the Math Department hosts an event designed to cultivate community around math. These events prepare students for research experiences, internships, and careers. Attendees...

- Learn fun math!
- Connect with students, faculty, and community members interested in mathematics!
- Extend learning beyond the classroom!
- Discover future opportunities and applications of mathematics!
- Foster curiosity, collaboration, and persistence!

We provide food and fun at every event.

Everyone is welcome!

“It's like a little bubble of happiness on Friday afternoons where I get to hang out with a lot of my friends and do cool maths.” ~Ethan Woudwyk, '26
