

# Know your costs. Save on care. And get rewarded.

It's smart, and easy, with Priority Health.

Three things happen every time you use Cost Estimator to shop procedures, lab tests or office visits.

- 1 | You see your costs before you receive care.**  
Before you schedule your next appointment, search for the medical service you need in Cost Estimator. Here's how:
  - Enter a procedure name and search for locations where that service is available.
  - Compare costs at those facilities in your network.
  - In some cases you can narrow your search by selecting a specific provider.
  - From the location pricing list, select a facility to see your personal out of pocket estimate.
- 2 | You save on procedures by choosing the best value options.**  
Cost Estimator has saved over \$9 million in health care costs since it launched just four years ago.
- 3 | You may qualify to earn a Visa rewards card of \$50 to \$200.**  
That's right. Many common procedures and tests are included in our Priority Rewards program, where we'll send you a reward for being a smart shopper. Here's how:
  - In your Cost Estimator search, choose a procedure or facility with a green trophy beside it. It looks like this: 
  - Receive that medical service at that facility within six months of your search.
  - Wait about three weeks for your Visa rewards card in the mail.
  - Use it for all kinds of items including medical services, health and wellness services, groceries and more.

Here's a breakdown of qualifying procedures that earn you a Visa rewards card.
