

Payroll Deduction Information

Payroll deductions will be an option for faculty and staff who receive their paycheck over 24 pay periods.

- Payroll deductions will be deducted from the first 2 pay periods of each month. These deductions will apply to your next month's membership. (e.g. July's deduction will apply to August's membership.)
- Since the YMCA requires payment in advance, the first month's membership fee will be due at your initial visit to the YMCA when your ID cards are provided if you visit prior to your given date.
- ID cards will be made available at the David D. Hunting Downtown YMCA.

Academic Year (18 Pay Period)

- Those faculty and staff members who receive their regular paycheck over the academic year are not eligible for payroll deductions. The YMCA requires a monthly payment. Therefore payment will be made directly to the YMCA.
- Faculty and staff who are currently on an academic year payroll will have an opportunity to change to 24 pay periods in August. At that time payroll deductions for YMCA can be set up.

Current Members of the YMCA

- Faculty and Staff who have a current membership with the YMCA are also eligible for the discounted rates by signing up for payroll deductions.
